RV College of Engineering Integrates MATLAB into Mathematics Curriculum to Equip Students with Industry Skills

"By combining experiential learning with MATLAB, we bridge the gap between mathematics education and engineering applications. As a result, our students acquire technical skills that make them more competitive and successful in the job market."

— Dr. K.N. Subramanya, principal, RV College of Engineering

The RVCE mathematics faculty, department heads, and principal launch MATLAB lab manuals for engineering mathematics courses.

Challenge

Build a foundation for experiential learning in mathematics to equip engineering students with marketable skills

Solution

Integrate MATLAB, Simulink, and MATLAB Grader into the mathematics curriculum and provide students with easy access to these tools via their personal computers

Results

- Students motivated to learn, collaborate, and innovate
- Grading and feedback automated
- Graduating students are industry-ready

IDEA LAB (21ME15/25)

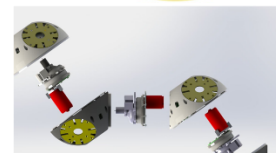

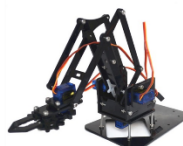

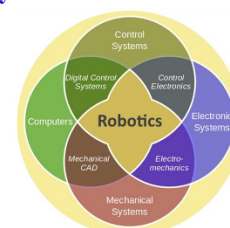

for FIRST YEAR B.E. PROGRAMS of 2021 scheme

Purpose of Introducing IDEA Lab

- An initiative from AICTE, IDEA (**I**dea **D**evelopment, **E**valuation & **A**pplication) lab to boost new-age learning among students;
- To fostering the creative potential of engineering students;
- To Create a platform for students to facilitate conversion of their IDEA into prototype;
- To enhance creative thinking & problem solving skills;
- To Provide hands on skills to get familiar with the tools, machines & mechanisms to provide real world Industry exposure.
- Basic training in the 21st century skills like- **critical thinking, problem-solving, research, collaboration, communication, lifelong learning** etc.

Take Away from IDEA Lab

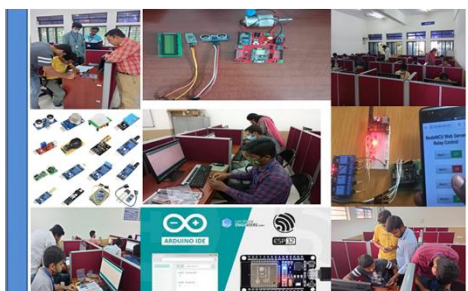

- Multidisciplinary Approach;
- Prototype converted into Products;
- Hand on Experience;
- To Generate imaginative and creative ideas;

- Dealing with Digital Credentials in Higher Education Institutions and their Potential
- Beyond the Books- Importance of Knowledge for Women Empowerment

Conferences

- Participation in ICTIEE 2022 conference
- Few papers presented in the conference.
- 6 faculty served as reviewers- 30 papers reviewed for conference and JEET journal.
- Served as Jury members for
- Session chair for ICTIEE 2022-organized by IUCEE –track Technology Enhanced Learning
- Planning committee members for ICTIEE2023

Mini-symposium

- Presented papers at IUCEE Mini Symposium on "Effective Practices in Teaching and Learning"
- Presented case study on production in IUCEE mini symposium on Project based learning and was awarded the best deserving case study report at mini Symposium on P2BL, organized by IUCEE

Workshops

- Effective Teaching workshops (Dr. Claire Komives)
- Student Centered Teaching workshops (Dr. Veena Kumar)
- Quality Circle Workshop

Minicourses

12 professors trained

- Artificial Intelligence for All
- Clean and Green Campus
- Design Thinking and Community-Based Design
- Introduction to Entrepreneurial Thinking
- Leadership and Sustainability
- Social & Emotional Learning

NEP Pilot -SPARK

Go, change the world™

- IUCEE Mission NEP-SPARK batch: "Study through Projects and Activity for Realistic Knowledge".
- A separate section was formed, in which students were picked from all programs of non circuit branches and from AI & ML
- Around 6 trained Professors handled classes for this SPARK section and 5 minicourses were opted by students and 12 trained professors mentored these students. Webinars were conducted regularly by International experts for the minicourses.
- Faculty mentors evaluated the mini course assignments.

Centre of Excellence in Cognitive Intelligent Systems for Sustainable Solutions

Go, change the world®

Vision
To facilitate young minds and professionals for pursuing research in Cognitive Intelligent Systems and develop sustainable innovative solutions to solve real world problems.

Mission:

- To promote interdisciplinary research and outcome-based education to nurture future experts in Intelligent Systems.
- To develop sustainable innovative solutions to solve real world problems.
- Utilizing open source tools for developing Cognitive Intelligent Systems and optimizing the resources.

RVCE – HPCC Systems collaborations – 2017

Outcomes
11 Publications in reputed Journals/International Conferences

Training/Workshops/internships

- High Performance Computing Techniques
- Computer Vision
- Software Defined Networks
- IoT Analytics for Smart Manufacturing and Structural Health Monitoring
- Real time AI based Reliable Electrical Systems

Proposed Tangible Deliverables

- Collaborate on patents, papers, and technology transfer
- Involvement in events such as speaking opportunities, coding competitions and hackathons
- Develop high-quality workforce with adequate skills to meet the new challenges evolving out of rapid technology changes.
- Generate revenue from consultancy, technology transfer, and training programs.
- Certificates of completion to students finishing ECL courses or workshops

Women in Cloud : Center of Excellence In India

Go, change the world®

Inaugurated on
16th March 2022

This center was established as a public private partnership with RV College of Engineering (Top 6 engineering college in India), Microsoft, Boeing and Women In Cloud.

This center is designed act as an Innovation Cluster and Cloud Skilling Accelerator for the India Market. **The goal is to drive diversity pipeline in the tech workforce.**

The center is designed to accelerate women and allies' access to digital skilling, technology innovation, and job placement by leveraging public-private partnerships.

Suryamitra Skill Development Programme

Residential Program to develop skilled technicians in Solar Powered Projects funded by MNRE.NISE

Go, change the world®

About Suryamitra initiative

- Suryamitra initiative is a part of Make in India scheme
- It is a 3 months Training course
- The entire course is completed in 600 hours.
- This skill development program is aimed to create skilled manpower in Solar power plant and equipment installations.

Benefits

- Suryamitra scheme creates job opportunities in various solar industries
- Helps in reducing the employed youth
- 80% of the trained Suryamitras are placed in solar field company with a good remuneration
- Rest of the Suryamitras are becoming entrepreneurs in the solar energy field
- The skill development program promotes entrepreneurs in the solar energy field
- The skill development program promotes entrepreneurship and employment.
- **8 Batches (240 students) successfully completed Suryamitra Training Program.**

About RVCE-FHWS Certification Program

Positive Impact on students

Go, change the world™

Parents appreciated about SIP and gave feedback during Parent teacher meeting

- i) The session on Indian Architecture was wonderful and my son felt that we should visit all temples as much as possible and made him proud.
- ii) Dr. Rajath's session awesome as well. Overall good collections from the college
- iii) All the sessions were very well thought and very resourceful... thanks...
- iv) Respected Doctor's talk was very informative, Thanks for the Wonderful Update.
- v) I should thank you for introducing yoga last sem, my son started doing yoga and is continuing the same. every morning he does 1/2 hr and am really glad and thank you once again for the initiative

Prof. Narasimhalu appreciated the activities carried out in the institution and congratulated all the faculty, staff and the leadership of RVCE for its efforts in providing quality education and research. He emphasized that Training and Consultancy activities have to be strengthened. He also suggested to invite DST Secretary to the institution, to consider funded projects.

The Member Secretary informed that President – Dr. M.P Shyam, Hon. Secretary-Dr. AVS Murthy and Hon. Jt. Secretary-Sri DP Nagaraj have connected RVCE with many industries for joint collaborations. He also mentioned that faculty are publishing papers in scopus indexed journals and the institution is focussing on publishing papers in Q1 and Q2 journals. The institution is also looking for partners for commercialization of patents. Further, he mentioned that down the line in two years, RVCE will be within 60th Rank in NIRF in the country.

Prof. Narasimhulu opined that 8 credits of online courses could be added in to B.E (Honours) viz. programming / communication skills. He also suggested to increase credits for ability enhancement course to 2 credits instead of 1 credit. He suggested that short term courses on Disaster Management, Coastal Disaster Management, Health Hazardous System etc. could be offered.

Sri. D.P. Nagaraj felt that the institution should reserve certain credits.

The Member Secretary briefed that, in another three years, every department will have virtual labs.

The Chairman suggested that Courses on Disaster Management System and Natural Disaster System should be offered. He also suggested that awareness on Cyber Security and Data Science courses to be conducted for students and parents.

Prof. Narasimhulu briefed that students can take up internships at IIHS.

Sri. Panditharadhya enquired that how many students are recruited from RVCE. The Member Secretary clarified that around 85% students were selected through recruitment.

Proceedings of the 30th Governing Body Meeting held on 23rd August 2022

Sub. No. 225: Approval of list of Gold Medalists & Rank holders for the Passing out batch of 2022.

The Member Secretary briefed the details of list of Gold Medallists and Graduands for the passing out batch of 2022. (**Annex. – 1**).

He also informed the Governing Body that the Graduands list will be appended before the Graduation Day once the students cleared their final viva-voce examinations.

Resolution: The Governing Body endorsed its approval for list of Gold Medallists and Graduands for the passing out batch 2022 and to append the Graduands list.

Sub. No. 226: Approval of Graduands for the passing out batch of B.E (2018-22), M.Tech (2020-22) and MCA (2019-22) students.

The Member Secretary briefed the details of list of Graduands for the passing out batch of B.E. (2018-22), M.Tech (2020-22) and MCA (2019-22) students through a presentation. (**Annex. – 2**). He also informed the Governing Body that the Graduands list will be appended before the Graduation Day once the students cleared their final viva-voce examinations.

Resolution: The Governing Body endorsed its approval for the Rank list of Graduands for the passing out batch of (2018-22), M.Tech (2020-22) and MCA (2019-22) students and also approved to append the Graduands list.

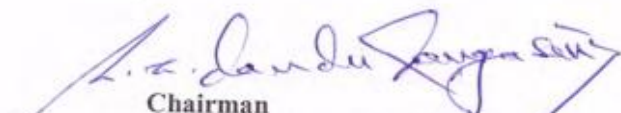

Sub. No. 227: Other Subject.

a) Implementation of 7th Pay Scale for teaching fraternity.

Sri. D.P. Nagaraj briefed that the Management is in the process of implementation.

Sri. N.R. Panditharadhya opined that the engineers have to design the equipment as per Indian Standard for agricultural use by the farmers. While developing machineries, we should think of technology to be used by the common man.

The meeting concluded with thanks to the chair.
