#### **ANTIRAGGING:**

Ragging is any disorderly conduct that has the effect of teasing or handling with rudeness any student, which causes or is likely to cause annoyance, harm or to raise fear in a junior so as to adversely affect the psyche of the junior. Ragging is practiced all over the world.Ragging has been frequently associated with a broad spectrum of physical, behavioral, emotional and social problems among the victims. It independently increases suicide risks. Some of the reasons given by students for ragging are they were also ragged by their seniors; sense of superiority; and introduction. Other factors perpetuating ragging are use of alcohol in hostels and lack of implementation of serious antiragging measures by college authorities.

As a part of Antiragging week, Poster making competition was held on 17<sup>th</sup> Aug 2023. 62 students participated in the event and 3 prizes were given to best posters. Students prepared digital as well as painted posters.

# August 14<sup>th</sup>-19<sup>th</sup> was celebrated as Anti -Ragging week and we were supposed to perform infront of Kriyakalpa.

We students divided ourselves into two groups – ENGLISH PLAY and KANNADA PLAY and performed 2 skits on the given theme i.e ANTI-RAGGING. This week was completely dedicated for planning on how to carry out the plays and ideas for the script was discussed. Firstly the genre for script was discussed among team mates, and then character finalization was done and finally practice sessions began.

#### KANNADA PLAY:-

A group of juniors who were newly admitted to a college were ragged by the seniors and classmates, after a period of intensive ragging one girl from the 4 juniors commits suicide and the spot where the dead body of victim was lying was reported to the news channels and police officials. The play is a story of new students joining their dream college with goals of their life and how the bad peer environment makes a negative impact on them. The play starts of at the place where the victim's body was found and her friends are trying to narrate the incident to a news reporter who was interviewing about the crime.

Scene 1-A group of students from rural district come to the urban city for their new beginning of the college life. Initially they come with big dreams of pursuing something fantastic in life but their own classmates rag them for their appearance, language style, dressing style and their background. The classmates tend to distract these students.

Scene 2 – In boys hostel seniors rag the juniors by asking them to chop onions, beat the eggs and make them do all sorts of work in the hostel. In the end they force Suresha to do pole dance and humililiate him infront of others.

Scene 3 – After immense ragging in hostel the boy comes to canteen next day and narrates the whole incident to his friend – Nandini . Meanwhile when Nandini , Suresh were discussing their classmates form gang with the seniors and start ragging Nandini by forcing her to smoke and force the 2 of them to write their assignments and when the conversation was going on pictures of Nandini were clicked secretly .

Scene 4 – One senior blackmails Nandini of posting her private pictures on social media and all other sources if she denied to smoke and listen to him. With no option left she smokes on getting blackmailed by the senior.

Approved by AICTE, New Delhi

Nandini breaksdown in her room by remembering all the things happened to her and on getting scared of the pictures being posted and worrying about her parent's situation and reaction, she decides to commit suicide by consuming poison.

In this play ragging was done only for fun with no intention of taking away someone's life but the extent to which ragging was done created a mental torture in the girl's mind due to which she committed suicide. But the classmates should have been there for her support and should have helped her come out of that, instead they enjoyed ragging. Seniors who should have played the role of a guardian in the case of juniors, they humiliated them instead of helping the juniors in getting adjusted to the new college and environment. So every single individual added on to the crime and have contributed to ragging directly or indirectly. This is not just the one reason for ragging. Ragging can have various forms and can create a negative impact in the younger generation and spoil the college environment too. So we all should learn from such situations and live a principled life. Let us join our hands to stop ragging.

#### **ENGLISH PLAY**

Scene 1 - There is a boy who is very introverted, and on his first day of college, he gets bullied by his classmates and seniors. He comes and sits in one corner of the class, and other classmates are busy in their own hustle and bustle. Then the teacher enters and calls him to sit in front with a very comical name, and then his classmates start teasing him with that name in the canteen during break.

Scene 2 - Seniors go to the juniors room and start to bully the juniors and ask them to assemble in the common area of the hostel, where they do a proper ragging of all the juniors in a very funny and comical way. Among all the juniors, that introverted boy takes that very seriously and gets very upset..

Scene 3 - Everybody was sitting in the Canteen during the break, and suddenly one very beautiful flirty girl (1st year) entered who caught everybody's attention by her different way of walking, talking, etc. Then, surprisingly, she goes and sits with that introverted boy and starts interacting with him. This catches the senior's attention, and in her absence, they threaten him to be away from her, as they want to be friends with her.

Scene 4 - Being fed up with all this bullying every day, the introverted boy has suicidal thoughts and tries to commit suicide on the terrace of the hostel. He was standing on the edge of the hostel terrace, and he suffers from duality of mind. There were two sides to him: one was very weak and wanted to end his life, and the other was stopping him from doing so. After this, he gave up and decided he would find a more easy way of dying.

25th October, 2019

Respected Sir/Madam,

University Grants Commission believes that a safe and healthy environment for women students and employees on the campuses of Higher Educational Institutions (HEIs) is a necessary precondition to quality education and research. The HEIs can play a significant role in ensuring the safety of women and providing healthy environment by putting in place foolproof mechanisms and impregnable standards of safety. The key lies in institutionalizing the best practices and standard operating procedures that can substantively deal with women related issues on the campuses. In this regard, the UGC requests all the HEIs to:

- i) Constitute an Internal Complaint Committee (ICC) and a Special Cell in their respective institutions to deal with the issue of gender based violence and to conduct gender sensitization programme. It may be ensured that ICC constituted in the University is working as per UGC (Prevention, Prohibition and Redressal of Sexual Harassment of Women Employees and Students in Higher Educational Institutions) Regulations, 2015.
- Ensure that widest possible dissemination of provisions of the law pertaining to sexual harassment of women at workplace should be done.
- Provide healthy and secure atmosphere for all women at all the places and facilities on the campus.
- Facilitate registration of grievances related to women and sexual harassment on UGC Student Grievance Redressal Portal.
- Prominently display and inform Toll free number: 1800-111-656 to all concerned for registration of grievances related to women and sexual harassment.
