To,

The Principal's
of all Engineering Colleges

Sir / Madam,

Sub: Invitation for the Sri Chamaraju Memorial Cricket Tournament

We are glad to inform you that our institution is organizing Sri Chamaraju Memorial State Level Inter Engineering Collegiate Cricket Tournament from 16th May 2023.

We invite your college teams to participate in the above mentioned Tournament. The Entry fee is Rs. 2000/ team and the same has to be paid online on or before 13th May 2023.

GENERAL RULES:

1. The participating team (players) should produce recently renewed identity cards issued by the respective institution before playing the matches.
2. Players representing their institution must be on roll during present academic year.
3. Transportation is the responsibility of participating teams.
4. The scheduled time of each event will be displayed on the notice board.
5. The teams should report at the respective venues 20 Min. before the scheduled time.
6. We expect high level of discipline from all participating teams.
7. The decision of the umpires/referees will be final and binding. No protest against umpires/referees.
8. Decision of Organizing Committee is final and binding on all matters.
9. Only the players mentioned in the Entry form should participate in the event. No changes will be entertained.
10. The entry should be sent to the DPE, Department of Physical Education along with the Entry Fees Prescribed.
11. Entries will be considered on first cum first serve basis and is limited to 16 teams.

Thanking you,

yours faithfully

Under The Peepal Tree 2023 Report

Every year, RV QuizCorp, the quizzing club of R.V. College of Engineering, hosts *Under the Peepal Tree (UTPT)*, considered to be one of the most esteemed college quiz fests in the country. UTPT spans over a period of three days, with six exciting quizzes drawing participants from all over the country.

Inaugural ceremony and address by Dr. Shanmukha Nagaraj, Dean Academics.

This year's edition, UTPT '23 was conducted on the 14th, 15th and 16th of July in the IEM Auditorium of RV College of Engineering. UTPT '23 was special for the organisers as it corresponded with the silver jubilee of RV QuizCorp, which was established in the year 1998. The six quizzes together were attended by more than 200 quizzers from all over the country.

14th July 2023 (Friday)

● Inauguration Ceremony

The inaugural event for Under the Peepal Tree this year was attended by faculty members, deans, and former students of RVCE. The auspicious lamp was lit to begin the ceremony. The history of RVQuizCorp was highlighted in a speech that came after it. The Dean (Academics), Dr. Shanmukha Nagaraj, spoke briefly before formally launching the 2023 edition of Under the Peepal Tree.

● Indi-Genius Quiz

A wide range of questions about India's culture, diversity, history, and other topics made up this quiz. More than 80 teams of three or fewer entered this quiz, which compelled the organisers to hold the written preliminary exams concurrently in two locations due to the huge participation. The top 8 teams advanced to the finals after answering 25 questions in the written stage. The finals included numerous riveting rounds that enthralled both the competitors and the spectators. The winners were:

India Quiz at Mechanical Seminar Hall and IEM Auditorium

1st place: Rahul Preman, Reitesh KV Raman, Anand Rajagopal

2nd place: Tushar Nilker, Abhineet RK, Swaminathan S

3rd place: Nidan Ali Basheer, Keerthana, Jerry Jose

● Lieut-en-ent Quiz

Everything in this quiz was related to music, entertainment, literature, and the arts. For the quiz, almost 70 passionate teams participated. The top 8 teams advanced to the finals after a preliminary round of 25 questions. Members of the club organised and hosted the prelims and finals. The winners were

1st place: Anand Rajagopal, Reitesh KV Raman, Swaminathan S

2nd place: Dhruv Iyer, Raamanujan, Gokulan V

3rd place: Arvind Vidhyashankar, Parth Arora, Tushar Nilker

● Varun Krishnamurthy Memorial Game Theory

This quiz is an annual dedication to the late Varun Krishnamurthy who was one of the best quizzers the club has ever witnessed. Since sports quizzing was his favourite genre, the Sports Quiz is conducted in his memory. The quiz is attended and sponsored by the Krishnamurthy family and every year they attend the quiz as chief guests. This year, Varun's father and his uncles personally attended the quiz and rewarded the winners of the quiz. This quiz consisted of questions from anything related to sports, from field trivia to obscure sports from around the world. The quiz received a huge crowd and the quiz was hosted by our members. The top 8 teams made it to the finals and contested in various exciting rounds. The winners were:

1st place: Prabhat Bedida, Parth Arora, Tushar Nilker

2nd place: Anand Rajagopal, Reitesh KV Raman, Rahul Preman

3rd place: Dhruv Iyer, Raamanujan, Swaminathan S

Family of Mr. Varun Krishnamurthy

Prize distribution ceremony

● Ψ-Biz-Tech Quiz

This quiz was all about the domains of science, business and technology. Again a healthy number of quizzers showed up for this quiz. This was the final quiz that was hosted by the members of RV QuizCorp for this edition of UTPT. It followed the similar pattern of all other quizzes including a 25 question prelims and top 8 teams made it to the finals. After a nail biting final showdown, three teams tied for first position.

Tie: Aakash Ramesh Bhat, Moaz Akhtar, Pranav Madhyastha

Tie: Pranav Condur, Tushar Nilker, Parth Arora

Tie: Harsh Kumar Singh, Archisman Bhattacharjee, Vinayak Kothari

16th July, 2023 (Sunday)

●Major Quiz

This was the college general quiz conducted by Major Chandrakant Nair, who is considered to be a legendary quizmaster because of his high quality quizzes that he conducts all over the country. The quiz covered everything under the sun, from art to science, philosophy to sports and everything else. This quiz also followed a familiar prelims and finals pattern. Even the members of RVQuizCorp took part in the quiz and one team even finished at the second position. The winners were of the quiz were:

1st place: Anand Rajagopal, Reitesh KV Raman, Abhirami G

2nd place: Allen Joel Lobo, Pranav PV, Sriniketh B

3rd place: Apratim Chandra Singh, Saumitra Khullar, Siddhant Mishra

●Magnum Open

Magnum Open is a general quiz open to people of all ages. It is a highlight event of Bangalore's open quiz calendar. This quiz had no zero registration fees and was attended by quizzers from diverse professions and age groups. The quiz was set by RV QuizCorp alumni E.M. Bhargava and Nitish Khadiya and hosted by Mihir Jayaraman. The participants could participate in teams of 3 or less while college quizzers could take part as lone wolves for the prelims. The top 8 teams and top 8 solo college quizzers were paired together for the final rounds. The winners were:

1st place tie: Thejaswi Udupa, Anustup Dutta, Jayakanthan R, Raamanujan

1st place tie: Santosh Joseph Swaminathan, Arul Mani, Debanjan Bose, Sriniketh B

3rd place: Rohit Suresh, Mario Fernando, Abid Abdullah, Allen Joel Lobo

Outcome

Under The Peepal Tree 2023 saw an unprecedented and massive footfall of 2200 people over three days. This turnout is testament to the spirit and interest of quizzing among the students. The quizzes covered a wide range of topics while also covering topics relevant to the students coursework such as Indian Knowledge System and Environmental Technology. The quizzes also tested the audience's prowess in the social and technological initiatives of India like Khelo India, Make in India, Aatmanirbhar Bharat, etc. In conclusion, the event was a learning experience for all students as they were exposed to college level quizzing.

COLISEUM

JULY 15

CIRCLE OF ACTING AT RV, ENGLISH
RV College of Engineering®, Bengaluru-59
Coliseum15thJuly,2022

Coliseum is the much-awaited annual flagship National level Centre stage theater competition hosted and organized by CARV English that comprises 1-Day IntraCollege Competition amongst CARV English, Hindi and Kannada. The competing plays were judged by highly esteemed professional Theatre artists with an experience of over 20 years in the field.

We invited all the active theater clubs in RV College of Engineering to perform plays. The intention of doing so, is to ensure inclusivity in art and to convey the message that theater speaks to people and touches their souls irrespective of language or cultural background. Kannada CARV and Hindi CARV put up plays showcasing their talent in their respective theater forms and brought the stage to life. First place was bagged by “Chora Charanadasa” put up by Kannada CARV. Best director was awarded to the director of the winning play “Chora Charanadasa.”

Four plays were put up by CARV English with two out of the four bagging second place and the winners of best male and female actors as well. The four plays were titled, “Abditory”, “A lonely Miss Bennet”, “All in good time” and “Budget Batman.” The second position in the competition was shared by “Abditory” and “A lonely Miss Bennet” for their moving storylines and emotional portrayal of life. Best male and female actors were awarded to the leads from the play “Abditory” for their outstanding performance and versatility.

The competition was a grand success with over ten plays judged by two of the most talented artists in the country, one of them being an RV alumnus.

Title of the activity: CARV Lekha

The event, titled 'CARV-LEKHA'- The Script Writing Competition, encouraged participants to awaken their inner creative writers. It was organized on 05-10-2021 in Amphitheatre, RVCE. The participants were invited to craft unique stories, breathe life into them, and step into the shoes of their Created characters. Several guidelines were to be adhered to the script had to be original work, plagiarism was strictly prohibited (though adaptation from previous works was allowed), it could belong to any genre, and it could be designed for Drama, Mime, Street Play, or MadAds. A preference for Kannada scripts was noted, and there were no restrictions on the number of pages, characters, or playtime. The scripts, whether written or typed, were to be submitted in PDF or Word format, and multiple submissions were allowed. Outstanding scripts were rewarded by Kannada CARV, and scripts with intriguing ideas were considered for future competitions and events. The submission deadline was October 5, 2021, offering participants a significant opportunity to showcase their writing and imaginative skills.

Coliseum is the much-awaited annual flagship National level Centre-stage theater competition hosted and organized by CARV English that comprises 1-Day Intra-College Competition amongst CARV English, Hindi and Kannada. The competing plays were judged by highly esteemed professional Theatre artists with an experience of over 20 years in the field.

The play titled "Violet's Orange," directed by our member won first place in Coliseum, which was followed by another play titled, "Tangerine Dreams," again directed and performed by our very own members, which secured the second position. Both positions for Best Actor Male and Best Actor Female were bagged by members of our club. We also won the position of Best Director for "Tangerine Dreams." It was a great learning experience for the members. As they were the driving force behind successfully organizing and managing an event post-covid. The new members were also introduced to the ins and outs of putting up a center stage play

1. Elevate

Elevate was a fun-filled two-day event where we conducted 4 sub-events namely Group Story, Situation-Based Thinking, CatchPhrase, and Shark Tank. The participants were eliminated based on their scores in each event and at the end, the top two teams were declared the winners and runners. For the sub-event Shark Tank, members of the Rotaract District 3190 were invited as judges. Overall, after this session, positive feedback was received from participants and the judges.

Outcome : The event helped the participants to develop professional skills like critical thinking, pitching ideas, team work, etc. This event showed the participants how working together can bring in various different thought processes together and which can eventually lead to better ideas and executions.

2. BLOOD DONATION CAMP(BDC) (FIRST)

(Conducted two times in a single year)

Blood Donation Camp was conducted in collaboration with Rotary Bangalore South and Rotaract t Club of Bangalore after 3 years and it saw great success through the participation of a huge number of volunteers, who had the motive to serve the society. With the ideology to meet the growing need of Blood units, the event was organized in RVCE Campus on 9th of September with the help of 6 Blood Banks. All the volunteers assembled at the venue at 8:30 am and the camp started at 9:00 am at Biotech Quadrangle and Bus Shed, RVCE. In 9 hours of time, we collected 770 units of blood. The donors included rotractors, rotarians, students, teachers and common people who helped us in collecting blood to save lives.

Outcome: In the first edition of the BDC around 750+ units of blood was collected with the active and enthusiastic participation of the students from all the batches. Apart from students even faculty members and non-teaching staff actively donated blood. With the strong support of Rotary Bangalore South, out parent rotary club, the BDC was a grand success and highlights our commitment towards the society.

3.Naivedyam

The Rotaract club of RVCE organized another Mega Event Naivedyam, an International Services event, on 16th of October on the occasion of International Food Day. We pledged to feed 400 hungry people across the Bangalore city through this event. To reach the same goal we had 8 Rotaract clubs, which include clubs from in and outside of the district, collaborating for this event. Board members and volunteers went to the slum opposite to Police station Koramangala Bangalore to distribute the food to the needy. Likewise, clubs from Coimbatore and Mumbai also distributed the food. With the overwhelming support of all the clubs and the volunteers, we were able to feed 492 people in total.

Collaborating clubs - 1)RaC Bangalore JP Nagar 2) RaC Golden Rock 3) RaC Bombay Mulund Valley 4)RaC Presidency University 5)RaC Mumbai Ghatkopar 6)RaC Coimbatore Smart City 7) RaC Jyoti Nivas College 8)RaC Sri Krishna arts & science college

Outcome: The Rotaract Club of RVCE fed around 400+ people in the slum areas of Koramangala, Bangalore with the collaborative help of 8 other Rotaract clubs. We showed the strength of collaboration and fulfilled our duty towards food security on the International Food Day.

4.Rush Hours 3.0

A community service project which went on for 5 days and included a pre-event task to build interest among the participants followed by 8 main tasks. The participants run for their positions as each task led to the elimination of a certain number of teams; with 200+ participants; participating actively, followed by regular updates through the event dashboard and leader board. The event was a huge success with the participants contributing to society along with having fun in this process. The top 5 teams were rewarded with OTT subscriptions and other prizes.

Outcome: A 5-day community service project featured a pre-event task and 8 main tasks, engaging over 200 active participants. Participants competed for positions, with eliminations occurring after each task. Regular updates were provided through an event dashboard and leaderboard. The event was highly successful, blending societal contributions with enjoyment. The top 5 teams were rewarded with OTT subscriptions and other prizes.

5.Fast-Trek

The social cause behind the project was to provide financial aid to underprivileged children suffering from heart diseases. The event started at 7:30 AM, where all the participants boarded the bus to the trek location with great enthusiasm. Safety instructions were provided to all along with basic information of the event. The trek was a great success as all the participants had a wonderful time surrounded by the scenic hills of Huthridurga Betta and embarked on what would be a very memorable journey. Breakfast and lunch was provided at the trek location for all the participants.

Outcomes: The project aimed to offer financial assistance to underprivileged children with heart diseases. In the morning participants eagerly boarded the bus for the trek, receiving safety instructions and event details. The trek, set amidst the picturesque hills of Huthridurga Betta, was a resounding success, creating lasting memories for all involved. Breakfast and lunch were provided at the trek location, ensuring a fulfilling experience for participants.

6.Sampravaha (Club Installation)

The Installation Ceremony of the 31st Board of Directors for 2022-23 commenced at 6 p.m. We paid our respects and admiration to the late PRID Rotarian Dr. M.K. Panduranga Setty sir. The Chief Guest, RSST President Dr. M P Shyam sir, and other dignitaries installed all of the office bearers and the board of directors. Rtr. R Rohith Annaporanam handed over the presidency to Rtr. Akash Deep. Rtr. Keshvi Patel, Past Secretary, presented the report of the Rota-Year 2021-22.

Secretary Rtr. Sarthak Lalwani presented the Plan of Action for Rota-Year 22-23. The ROTAYEAR 22-23 logo, theme, newsletter, and letterhead were launched, along with the release of the Annual Rotaract Magazine. The launch of Merchandise was a new initiative, which is a fantastic way to promote the club and its ideals while also giving members and supporters to demonstrate their support. The winners received 21-22 year awards, while 21-22 board members received board certificates. At the end, everyone was served dinner.

Outcome: The 31st Installation Ceremony of RaC RVCE marked the formal induction of the 202021 Board, led by Chief Guest Dr. M. P. Shyam. Key highlights included the unveiling of the year's

RAC RVCE (Rashtreeya Vidyalaya College of Engineering) in collaboration with Lions Club Bangalore South organized yet another successful blood donation camp, reaffirming their commitment to serving the community. This time, the camp witnessed an overwhelming response as they managed to collect an impressive number of 700+ units of blood. All the volunteers assembled at the venue at 8:30 am and the camp started at 9:00 am at Biotech Quadrangle and Bus Shed, RVCE. In 9 hours of time, we collected 770 units of blood. The donors included rotaractors, rotarians, students, teachers and common people who helped us in collecting blood to save lives.

Outcome: In the second edition of the BDC around 700+ units of blood was collected with the active and enthusiastic participation of the students from all the batches. Apart from students, even faculty members and non-teaching staff actively donated blood. With the strong support of the Lions club, the BDC was a grand success and highlighted our commitment towards the society.

8.Akshara

With the zeal to give students something that we as students always craved in education, Rotaract Club of RVCE organized skill development sessions in 7 schools in locality of RR Nagar and Kengeri, Bangalore. The sessions were aimed for underprivileged students who are from a financially modest background and are in dire need of Quality Education. Volunteers also had a memorable experience of stepping into shoes of their teachers for one day. Session helped the students in understanding concepts that were there for their class/standard.

Outcome: Akshara 3.0 successfully conducted skill development sessions in 11 schools within RR Nagar and Kengeri, Bangalore, benefiting underprivileged students. Modules in Mathematics, Spoken English, and Soft Skills were designed to empower students from financially modest backgrounds. Positive feedback from both students and volunteers highlighted the impact of the sessions, fostering a supportive learning environment and facilitating meaningful connections between volunteers and students.

RAC RVCE organized a valuable career guidance session dedicated to underprivileged children. This initiative demonstrated the institution's commitment to empowering and uplifting the community. The session aimed to provide these children, who may face unique challenges and limited opportunities, with essential guidance and support to navigate their educational and career paths. By offering insights into various fields of study and career options, we aimed to inspire and equip these young minds with the knowledge and resources necessary to make informed decisions about their future.

Outcome: The career guidance session for underprivileged children, highlighting the club's commitment to community empowerment. The initiative aimed to provide essential support for these children in navigating their educational and career paths. By offering insights into various fields and career options, the session inspired and equipped young minds to make informed decisions about their future.

With an overwhelming support of 500+ volunteers, the students collected more than 7 tonnes of newspapers in just over 9 hours! The volunteers, registered for the event, assembled at Kriyakalpa, RVCE at 8:00 AM. Volunteers were taken to different localities of Bangalore by buses to collect all sorts of papers. The incentive behind this was to raise funds by selling the collected old newspapers, books, magazines, waste papers etc. to paper vendors, and donating the same amount for the welfare of the Nele Narendra Foundation.

Outcome: The Paper Drive initiative garnered significant support, with volunteers collecting 7 tonnes of old newspapers across 7 different localities of Bengaluru within 9 hours. Proceeds from selling the collected paper were directed towards aiding an orphanage, symbolizing a collective effort towards social welfare and community empowerment.

Rush Hour took place from 26/7/2020 to 6/8/2020; a community service project which lasted over 10 days and included a total of 2 pre-events to build interest among the participants' followed by 8 main tasks. The participants run for their positions as each task led to the elimination of a certain number of teams; with 300+ participants; participating actively, followed by regular updates through Pevent dashboard and leaderboard. The event was a huge success with the participants contributing to society along with having fun in this process. The top 7 teams were rewarded with OTT subscriptions.

Outcome: Rush Hour, featured 2 pre-events and 8 main tasks, engaging over 300 participants. Eliminations occurred at each stage, with updates via the Pevent dashboard. The event was highly successful, combining fun and societal contributions, with the top 7 teams receiving OTT subscriptions as rewards. Participants go to develop professional and soft skills through this event.

3.Plantation Drive

On the 15th of September, the club sent wishes to its budding engineers as well as urging the fellow members to contribute to society to promote sustainable development. Members were requested to plant saplings in their nearby surroundings and tag the social media handle of the club. As a result, 221 saplings were planted by 184 participants. The club uploaded a gratitude video, paying its regards to all rotaractors who actively participated in this initiative.

Outcome: On September 15th, the club extended wishes to budding engineers while advocating for societal contributions to foster sustainable development. Members were encouraged to plant saplings and tag the club's social media handle. This initiative resulted in 221 saplings planted by 184 participants. The club expressed gratitude through a video to all active Rotaractors involved in the endeavor.

4. Project Sahakarita

Cognizant provided more than 12500 computers to be distributed across institutions in Karnataka. The project 'Sahakarita' started as an MoU signed between Karnataka Government, Rotary International District – 3190, and Cognizant. Rotaract Club of RVCE was to coordinate the installation, testing, packaging, and transporting of the PCs and their components donated by Cognizant. Volunteers from the Rotaract Club of RVCE assembled at Government Arts College from 12th March 2021 to assemble the computer setup. What

Fig - Students using the PCs for proper documentation.

followed was a continuous month-long process of providing the product to the various colleges across the city. Rotaractors assembled and completed the installation, sorting, and packaging of the setup with all required hardware like the mouse, keyboard, desktop, and software like Microsoft Office with license certification. They were tasked with proper completion while simultaneously following all safety protocols. To ensure efficiency and nullify mistakes, volunteers were provided with mandatory training. The output sprang to more than 500 Computers a day ready to be dispatched. Each of the systems was tested before sending to logistics and their barcode was scanned

Outcome: Cognizant donated 12,500+ computers for Karnataka institutions via the 'Sahakarita' project. The Rotaract Club of RVCE coordinated assembly, testing, and distribution, achieving over 500 computers assembled daily. Volunteers ensured each setup included hardware and software, adhering to safety protocols. Mandatory training ensured efficiency and accuracy, resulting in meticulous documentation for proper distribution.

5. Project Awaaz

In this time where education has been a huge matter of concern, Rotaract Club of RVCE came up with a new initiative “Project Awaaz”. Under this project, over 100 + Educational audio books were recorded in three languages English, Hindi and Kannada. A website was also created for easy accessibility of the content, where the recordings of all the stories were made accessible to NGOs. A total of 100 recordings were collected, out of which 24 were of Kannada, 32 of Hindi and 44 of English. The club donated these recordings to 13 NGOs at no cost for the education of their students.

Outcome: Rotaract Club of RVCE initiated "Project Awaaz," recording over 100 educational audiobooks in English, Hindi, and Kannada. A user-friendly website was developed for NGO accessibility. A total of 100 recordings were donated to 13 NGOs, comprising 24 Kannada, 32 Hindi, and 44 English audiobooks, facilitating free education for their students.

6. Speaktravaganza 2.0

The second edition of Speaktravaganza had a crowd engagement of more than 271 students with age groups ranging from 15 to 23, making it the world's largest online communication festival. The events ranged from debating to entrepreneurship events, from thoughtful contents like sharing writeups, poems to lighthearted meme creation. It was a huge success with 11 minievents with participants from 5 countries and 20 different cities. Rotaract club of RVCE collaborated with team Enunciate as knowledge partner, where we provided supported for knowledge, experience, resources and outreach as well as assisted in events.

Outcome: Speaktravaganza's second edition, the world's largest online communication festival, attracted over 271 students aged 15 to 23. The event featured 11 mini-events, including debates, entrepreneurship activities, and creative content creation, with participants from 5 countries and 20 cities. The Rotaract Club of RVCE partnered with Enunciate, providing support as a knowledge partner, ensuring the event's success.

7. Elevate

Elevate is a professional development initiative to hone the skills of the club organizers. This project was conducted to enhance communication skills, better team bonding, and uplift their confidence by a healthy debating session. On the day of the event, organizers were introduced to the topic: “Should colleges/schools reopen in this period?”. After this, the organizers were divided into three breakout sessions where 3 different mentors were allotted to conduct the session proceeding. There was a healthy discussion and the organizers had a lot to take away from the session. The event turned out to be a success with many organizers delighted with improvement on their end.

Outcome : The event helped the participants to develop professional skills like critical thinking, pitching ideas, team work, etc. This event showed the participants how working together can bring in various different thought processes together and which can eventually lead to better ideas and executions.

10 OCTOBER
AT 10AM

Rotaract Club of RVCE | www.rotaractrvce3190.com | rotaractrvce

The event aimed at removing general misconception prevalent in the society regarding career options. There were two sessions organized for the students of SRN International School, Jaipur and Maa Anandmayee Memorial School, Haridwar. The speaker for both the sessions was Rtn Ganesh S Balakrishnan, past president of Rotary Lalbagh and founder director of Samundra Global Educational Consultants, Bangalore. Under this, The Rotary four-way test was used as an example for character building.

Outcome: The students were exposed to different career options, with their pros and cons, future job profile, expected work was presented to the students and the session also emphasized on the fact that in any stream to excel, one should be interested, dedicated and hardworking. The

importance of goal setting and achieving was also addressed among the students. The meeting recordings reached 2000+ students.

Dr. Bharti Sahu an associate professor at NSCB Government Hospital, Jabalpur, and Dr. Amita Saxena from Marble City Hospital, Jabalpur addressed the muchhushed topic, periods experienced by females. They emphasized the importance which needs to be given to menstrual hygiene, gave deeper insight from their perspective on the first experience and the emotional, physical, and mental reaction to it. The biological aspect of the phenomena was beautifully explained. The physical impact such as PMS and other painful trauma was also spoken about. Then the webinar channelized in the direction of ways of handling and reducing the pain through a healthy diet and lifestyle, exercise and meditation. Precautionary measures that can be taken for hygiene during this phase was brought in light. The event also busted some common myths and successfully broke the taboo and stigma in the most effective way.

This webinar was conducted in collaboration with 9 other clubs.

Outcome: Dr. Bharti Sahu and Dr. Amita Saxena addressed menstruation, emphasizing hygiene and providing insights on physical and emotional aspects. They discussed managing pain through lifestyle changes and broke taboos. Collaborating with 9 clubs, the webinar raised awareness and fostered open dialogue.

SANITARY PADS
Sanitary pads are **narrow pieces of material that you stick to your underwear**. Some have “wings” or flaps that fold over the sides of your underwear to protect against leaks and stains. Most girls use pads when they first get their period.

PROS:

- No Painful Insertion
- No Staining
- No TSS (Toxic Shock Syndrome)

CONS:

Common Myths Related to Menstrual Hygiene

MYTH
During their periods, girls are impure.
Girls having their periods should not cook or visit sacred places.

FACT
Periods are just nature's way of saying you are growing up.
There is nothing impure about periods.

Breaking the Taboo
Menstruation is probably one of the least talked about and ill-understood biological concepts. Despite being a natural physiological function of the female human body, similar to urination or defecation, the menstruation discourse is often shrouded by reticence.
This is because a complicated network of taboos and customs surround it.

Why is menstrual hygiene education important?

- Lack of education about menstruation is one of the many barriers to achieving adequate menstrual hygiene worldwide.
- Menstrual Hygiene is vital to the empowerment and well-being of women and girls worldwide. It is about more than just access to sanitary pads and appropriate toilets – though those are important. It is also about ensuring women and girls live in an environment that values and supports their ability to manage their menstruation with dignity.

Polycystic Ovary Syndrome (PCOS)

It is a disorder that affects the ovaries and ovulation. It causes **enlarged ovaries with small cysts on the outer edges of the ovary**. Symptoms include **menstrual irregularity, excess hair growth, acne and obesity**. There are 3 main features-**Cysts in ovaries, high levels of male hormones, irregular or skipped periods**
In PCOS, many small, fluid-filled sacs grow inside the ovaries. The word “polycystic” means “many cysts.”
PCOS affects almost 27% of the women in the age group of 15 to 44 years.

Project description: The event focused on involving the students of our college in a competition wherein they had to make ‘best out of waste’. It was conducted on 12/09/2019. We are grateful to the dear participants of “Uptown Junk”, where they literally stood up to the fact that, “One’s man garbage is another man’s treasure!” Witnessing a participation 280+ Rotaractors as participants, it was indeed a blissful experience to see students going great lengths to get the model to fruition. The event began with a Fortune Quest wherein the participants have to solve a set of clues laid out in college campus and collect virtual Rota-Money from the clueanswer site, with which they can buy waste and prepare their models. The college amphitheatre was set up like a small workshop wherein the students got a chance to bring out the true engineer in them. The top 3 teams with most creative model was awarded prizes. The models were evaluated on the basis of four factors namely, Ideation, Creation, Presentation and Utility.

Outcome: The "Uptown Junk" competition engaged over 280 Rotaractors in creating innovative models from waste materials. Participants embarked on a Fortune Quest to collect virtual RotaMoney for purchasing waste materials. With the college amphitheater transformed into a workshop, students showcased their engineering skills. The top 3 teams with the most creative models were awarded prizes, evaluated based on Ideation, Creation, Presentation, and Utility.

Project description: The event focused on a Trek to Huthri Betta on 29/09/2019, which was organized by Rotaract Club of Banashankari. The social cause behind the project was to provide heart surgeries and treatment to the underprivileged children. Along with that it also aimed at bringing people from all over the district together to increase friendship and fellowship. 304 participants from RaC RVCE assembled in the college at 6:30 AM, and boarded the bus to Trek Location with great enthusiasm. There, safety instructions were given to all along with basic information of the event. Mega trek V4.0 was a great success as over 2000 rotaractors all across Bangalore assembled near the scenic hills of Huthri Betta and embarked on what would be a very memorable journey.

Outcome: The Mega Trek V4.0 by Rotaract Club of Banashankari aimed to support heart surgeries for underprivileged children while fostering fellowship. With 304 participants from RaC RVCE, the trek began at 6:30 AM. Safety instructions were provided before boarding the bus. Over 2000 Rotaractors from Bangalore joined near Huthri Betta for the memorable journey, with breakfast and lunch organized at the trek location.

Project description: Due to many reasons, there is a neglect in society to get one's eyes tested, may it be financial or a general disregard. For this we organized a Free Eye Check-Up Camp on 22nd October' 2019 that aimed at providing the students, faculty and non-teaching staff of our college and their families, an opportunity to get their eyes tested free of cost within campus. The event was done in association with ASCE Student Chapter RVCE and Karthik Nethralaya Hospital from where a dedicated team of doctors, total 4, had come to do the checkup. They addressed each patient with utmost care and provided with prescription for their respective case. More than 350 people showed up in the whole day and got their eyes tested for vision and any other anomaly related to eyes.

Outcome: A Free Eye Check-Up Camp held on October 22nd, 2019, addressed societal neglect towards eye testing. In collaboration with ASCE Student Chapter RVCE and Karthik Nethralaya Hospital, four dedicated doctors provided free examinations to over 350 attendees within the college campus. The event promoted eye health awareness and accessibility to essential medical services.

Project description: "Muskaan", a heartfelt event conducted by Rotaract Club of RVCE managed to become the reason behind many innocent needy smiles. It started as an online event where Rotaractors from Rotaract Club of RVCE across India gave a small token of appreciation to drivers, maids, sweepers or anyone who made their life a little easier. Items such as clothes, books, sweets, etc were donated. Rotaractors started a chain of happiness by uploading their pictures and tagging their friends and family using the "#TheSmileGiveAway" and

"#DilKiMuskaan" and nominated them to continue this chain of bringing smiles. RaC RVCE felt the necessity to recognise the efforts of these people to make our lives a little easier even after the outbreak of COVID-19.

Outcome: "Muskaan," organized by the Rotaract Club of RVCE, spread joy through small acts of kindness nationwide. Rotaractors donated items like clothes and books to those who made their lives easier, such as drivers and maids. Using hashtags like "#TheSmileGiveAway," they shared their acts of kindness online, inspiring others to join in. Despite COVID-19, RaC RVCE recognized and celebrated the efforts of these individuals.

2. Akshara 3.0

All kids need a little help, a little hope and somebody who believes in them. With this thought in mind and zeal to give students something that we as students always craved in education, we organized skill development sessions in 11 schools in the locality of RR Nagar and Kengeri, Bangalore. The sessions were aimed for underprivileged students who are from a financially modest background and are in dire need of Quality Education. The sessions consisted of a designed syllabus of three modules namely, Mathematics, Spoken English, Soft Skills, 1 hour for each module. The students of various schools gave a heatening feedback, in person and on paper feedback forms to all 'teachers' for the day. Volunteers also had a memorable experience of

stepping into the shoes of their teachers for one day. Volunteers were provided with refreshments after their sessions. Session helped the students in understanding concepts that were there for their class/standard.

Outcome : Akshara 3.0 successfully conducted skill development sessions in 11 schools within RR Nagar and Kengeri, Bangalore, benefiting underprivileged students. Modules in Mathematics, Spoken English, and Soft Skills were designed to empower students from financially modest backgrounds. Positive feedback from both students and volunteers highlighted the impact of the sessions, fostering a supportive learning environment and facilitating meaningful connections between volunteers and students.

1. Paper Drive

A promotional poster for a 'Paper Drive' event. The background is dark with a subtle pattern. At the top left is the Rotaract logo, and at the top right is the RVCE logo. In the center, there is an illustration of a stack of papers. The text is as follows:

ROTARACT CLUB OF RVCE

PAPER DRIVE

21st January 2018

"Let's make every paper count"

Last Year's Collection: **15.23 tonnes**

Contact: Rtr. Shreyas (9538365578) | Rtr. Rohith (8197657201) | Rtr. Vinayak (9739798182)

To aid and abet an orphanage, we organized a Paper drive wherein enthusiastic volunteers from college collected old newspapers in various areas of Bengaluru. The volunteers, registered for the event, assembled at Kriyakalpa, RVCE at 8:00 AM. Volunteers were taken to over 7 different localities of Bangalore by buses to collect old newspaper. The incentive behind this was to raise funds from the collected newspaper by selling it to paper vendors, and donating the same amount for the welfare of an Orphanage. With tenacious efforts and enthusiasm of all volunteers who participated in this step towards amelioration, we were able to collect 15.52 Tonnes of paper in just 10 Hours.

Outcome: The Paper Drive initiative garnered significant support, with volunteers collecting 15.52 tonnes of old newspapers across 7 different localities of Bengaluru within 10 hours. Proceeds from selling the collected paper were directed towards aiding an orphanage, symbolizing a collective effort towards social welfare and community empowerment.

Fig - Volunteers and their collection

2. Blood Donation Camp

The poster is for a Blood Donation Camp 2k18. It features a dark red background with white and yellow text. At the top, there are four logos: RV Institutions, Rotaract, NCC, and National Service Scheme. The main text reads: "Blood Donation Camp 2k18", "Blood can't be manufactured, but then, humanity is all about sharing", "#BDC", "#savelives", and "#beahero". The location and time are listed as "CRC Building" and "Time : 9am to 4pm". The date is "6th March, Tuesday".

Blood Donation Camp 2k18
Blood can't be manufactured, but then,
humanity is all about sharing

#savelives **#BDC** #beahero

CRC Building Time : 9am to 4pm

6th March, Tuesday

There is no greater joy than to save a soul. Everyone can be a hero to a person in need for a day by Donating Blood. With this ideology and to meet the growing need of Blood units across hospitals in Bengaluru, a Blood Donation Camp was organized in RVCE Campus on 1st of March, with help of 14 Blood Banks and corresponding team of Doctors. Preparation for camp included decorating the entire college with Promotional Production design artifacts. Camp began at 9:00 AM in the CRC Building and within a 7 hours duration, we collected 1109 units of Blood. The donors included Students and staff of the college, who had the motive to serve the society and helped us in saving numerous lives.

Outcome: The Blood Donation Camp held at RVCE Campus on March 1st witnessed a remarkable turnout, with 1109 units of blood collected over 7 hours. Through the collaboration of 14 blood banks and medical teams, students and staff of the college demonstrated their altruism, contributing to saving numerous lives across hospitals in Bengaluru.

www.facebook.com/RotaractRvce/

The event focused on a Trek to AG Hills, near Ramanagara, which was organized by Rotaract Club of Banashankari. The social cause behind the project was to provide heart surgeries and treatment to the underprivileged children. Along with that it also aimed at bringing people from all over district together to increase friendship and fellowship. 350+ participants from RaC RVCE assembled in the college at 6:30 AM, and boarded the bus to Trek Location with great enthusiasm. There safety instructions were given to all along with basic information of the event. There we managed to get a record in Asia Book of Records for 2507 people assembled for trekking at a single place and serving the purpose. Breakfast and Lunch was organized at the trek location for all the participants.

Outcome: Mega-Trek V3.0, organized by the Rotaract Club of Banashankari, aimed to provide heart surgeries for underprivileged children while fostering camaraderie among participants. Over 350 members from RaC RVCE participated, contributing to a record-breaking gathering for trekking. The event not only achieved its social cause but also facilitated community bonding, with breakfast and lunch provided for all participants, enhancing the spirit of fellowship.

4.Uptown Junk

The event focused on involving the students of our college in a competition wherein they had to make ‘best out of waste’. The event witnessed 70 teams with 230 young engineers, all driven with enthusiasm and brimming with intuitive ideas of models to be kindled out of waste. The event began with a Fortune Quest wherein the participants have to solve set of clues laid out in college campus and collect virtual Rota-Money from the clue-answer site, with which they can buy waste and prepare their models. The college amphitheatre was set up like a small workshop wherein the students got a chance to bring out the true engineer in them. The top 3 teams with most creative model were awarded with prizes.

Outcome: Uptown Junk provided a platform for 230 young engineers to showcase their creativity and innovation by crafting models from waste materials. Through a Fortune Quest and workshop setup, participants engaged in hands-on learning and problem-solving. The event not only promoted environmental consciousness but also fostered teamwork and ingenuity, with prizes awarded to the top three teams for their creative endeavors.

5.R-Evolution : Dasham

The poster features a dark blue background with a central illustration of a woman with long, flowing red hair and a crescent moon on her forehead. At the top, logos for Rotaract, RVCE, DPU, and RV are displayed. The text reads: 'ROTARACT CLUB OF RVCE in associaton with ROTARACT CLUB OF DYPVP || an international non-technical quiz competition || R-EVOLUTION dasham'. Below this, the event details are listed: 'Date: 12th February 2019', 'Time: 11:00 AM onwards', and 'Venue: IEM Auditorium'. At the bottom, contact information for three organizers is provided: Rtr. Mayur Prakash (President, +91 9902425275), Rtr. Mushtaq Ahmed (Event Chair, +91 7337639720), and Rtr. Sakshi Singh (Event Co-Chair, +91 9611675208). Social media links for Facebook (RotaractClubofRVCE), Instagram (rotaractrvce), and the website (www.rotaractrvce3190.com) are also included.

RaC RVCE in collaboration with RaC DYPVP, Pune RID 3131, organized the prelims round of R-Evolution: Dasham in RVCE campus for all the Rotaractors in the club. A total of 182 teams (2 members per team) registered for the event. Two guests had arrived on the day of event from RaC DYPVP to witness the event, and stayed with us for 2 days. The quiz was a general aptitude test. The event started with collaring of the President by the Secretary of RaC RVCE, followed by Lightening of lamp by the dignitaries that included Principal, Dr. KN Subramanya and Faculty Dr. Shanmukha Nagaraj. The quiz duration was 30 minutes. After evaluation, winning teams were honoured on the stage. The two qualifying teams will be going to DY Patil College in Pune for competing further in International Rounds of R-Evolution Dasham, with teams all around the globe.

Outcome: Dasham prelims, hosted by RaC RVCE in collaboration with RaC DYPVP, Pune, saw participation from 182 teams, showcasing the enthusiasm of Rotaractors. The event featured a general aptitude quiz, witnessing the collaring of the President and lamp lighting by esteemed dignitaries. Winning teams earned the opportunity to compete internationally at DY Patil College in Pune, highlighting the event's success in fostering global engagement and intellectual exchange among Rotaract clubs worldwide.

Title of Activity	KEYNOTE SPEAKER SESSION: ISHAN SHARMA X E-SUMMIT
Date & Duration	10th February 2024
Number of Students Participated	100(Approx.)
Place of Activity held	EC Seminar Hall
Description of the Activity	E-Cell organized a captivating keynote speaker session featuring Ishan Sharma, an influential figure in the realms of career, freelancing, and business. Held at the ECE Seminar Hall at 4.30 PM, this enlightening session provided attendees with invaluable insights derived from Ishan's extensive experience. Ishan has collaborated with renowned companies such as Google, Amazon, and Flipkart, shaping their social media campaigns and leaving a significant impact in the industry. Additionally, he has hosted distinguished guests on his podcasts, including notable personalities like Nikhil Kamath and Chris Do. Ishan's journey, marked by a bold decision to drop out of his electrical engineering degree at BITS Pilani Goa in 2022, highlights his dedication to pursuing his passions.

Title of Activity	PANEL DISCUSSION X E-SUMMIT
Date & Duration	10th February 2024
Number of Students Participated	90
Place of Activity held	EC Seminar Hall
Description of the Activity	The E-Summit 2024, a highly anticipated event in the tech and entrepreneurship domain, recently hosted a compelling panel discussion that brought together industry leaders, innovators, and experts. The panel, titled "Navigating the Future: Tech Trends and Entrepreneurial Opportunities," delved into critical topics shaping the landscape of technology and entrepreneurship. The E-Summit2024 panel discussion provided a comprehensive and insightful exploration of key issues at the intersection of technology and entrepreneurship. Attendees gained valuable perspectives from industry leaders, fostering a deeper understanding of the challenges and opportunities that lie ahead in the digital age. The event successfully contributed to the ongoing dialogue surrounding innovation, ethics, and the future of technology-driven entrepreneurship.

SI No.	03
Title of Activity	MERGERS AND ACQUISITIONS X E-SUMMIT
Date & Duration	10th February 2024
Number of Students Participated	90
Place of Activity held	EC Seminar Hall

Description of the Activity	Mergers and Acquisitions," an event orchestrated by E-Cell, emerged as a remarkable and insightful affair. This gathering served as a platform for delving into the intricate world of corporate transactions, where participants explored the dynamics of mergers, acquisitions, and strategic alliances. With a keen focus on the intricacies of deal-making, attendees gained valuable insights into the strategic, financial, and operational aspects of M&A activities. Through interactive sessions, case studies, and expert-led discussions, participants were equipped with the knowledge and skills necessary to navigate the complexities of M&A transactions.

Title of Activity	FANDOM QUIZ ANIME X E-SUMMIT
Date & Duration	9th February 2024
Number of Students Participated	90
Place of Activity held	MCA Seminar Hall

Description of the Activity	<p>The Fandom Quiz Anime, a thrilling segment of E-SUMMIT 24, showcased the ultimate test of anime knowledge and quick thinking. With 60 teams vying for victory, the competition was fierce. Round one ignited the excitement with rapid-fire questions, challenging each team to respond within a tight 15-30 second window. With multiple-choice questions keeping contestants on their toes, tension filled the air as teams battled for a spot in the final round. The top 5 teams, determined by their impressive scores, advanced to the ultimate showdown. In the final round, adrenaline surged as each team faced 10-second rapid-fire questions without the aid of options. With every second counting, the pressure was palpable as teams raced to outshine their competitors. In the end, only one team emerged victorious, their mastery of anime trivia earning them the coveted title. The Fandom Quiz Anime proved to be a highlight of E-SUMMIT 24, showcasing the passion and expertise of anime enthusiasts in a thrilling display of skill and strategy.</p>

SI No.	06
Title of Activity	SPEAKER SESSION: ARSH GOYAL X E-SUMMIT
Date & Duration	8th February 2024
Number of Students Participated	250+(Approx.)
Place of Activity	CS Ground (Main Stage)

held	
------	--

Description of the Activity	The Entrepreneurship Cell (E-Cell) organized a captivating speaker session featuring Arsh Goyal, a Senior Software Engineer at Samsung and Gold Medalist in Electronics and Communications from NIT Jalandhar. This event took place at 6 PM on the Main Stage. Arsh's commitment to narrowing the gap between Tier-3 and Tier-1 engineering colleges in India was evident through his mentorship of over 15,000 students nationwide and his engagements in seminars and workshops across 100+ colleges, including prestigious institutions like IIT(ISM) Dhanbad and NIT Agartala. His fervent passion for technology and commitment to empowering others resonated deeply with attendees, perfectly embodying E-Cell's mission to cultivate innovation and entrepreneurship within the college community.
Photos	

SI No.	07
Title of Activity	SPEAKER SESSION: PARITOSH ANAND X E-SUMMIT
Date & Duration	8th February 2024

Number of Students Participated	90
Place of Activity held	EC Seminar Hall

Description of the Activity	<p>The speaker session by Paritosh Anand, a dynamic 23-year-old entrepreneur, public speaker, and filmmaker, held at 5 PM in ECE Seminar Hall A, was nothing short of inspiring. Paritosh's journey resonated deeply with the audience, showcasing his relentless pursuit of dreams and entrepreneurial endeavors. Having delivered over 100 keynotes across the nation, including prestigious platforms like TEDx and IIT Delhi, Paritosh shares his unique perspective as a young individual living his dreams. As a content creator and director, his storytelling prowess has garnered a massive online audience. Through his ventures like WeSmileMedia and "2 PEAS IN A POD" comedy podcast, Paritosh exemplifies the spirit of innovation and creativity that E-Cell strives to foster within the college community. His session left attendees motivated to embark on their own entrepreneurial paths, inspired by Paritosh's dedication to learning and growth.</p>

SI No.	08
Title of Activity	MOBILITY CONCLAVE X E-SUMMIT
Date & Duration	8th February 2024
Number of Students Participated	90
Place of Activity held	EC Seminar Hall
Description of the Activity	<p>The Mobility Conclave, organized by the Entrepreneurship Cell (E-Cell), convened with industry leaders to delve into the intricacies of mobility. The conclave commenced at 3:30 PM. The panel featured esteemed personalities including Karan Makjija, CEO and Co-founder of Intellicar; Anil G, Co-founder of Bounce Infinity; and Abhishek Chandrashekar, CEO of Royal Brothers. Each of these seasoned individuals brought extensive knowledge and experience to the discussion, offering comprehensive insights into various aspects of mobility. The conclave provided attendees with valuable perspectives on emerging trends, challenges, and opportunities within the mobility sector. Overall, the event facilitated engaging discussions and offered a platform for students to gain valuable insights from industry experts. Through this platform, E-Cell continued its mission to empower the next generation of leaders in the field of entrepreneurship and innovation.</p>

Title of Activity	VALORANT GAMING X E-SUMMIT
Date & Duration	8th-9th February 2024
Number of Students Participated	100(Approx.)
Place of Activity held	ECE LABS
Description of the Activity	During ESUMMIT 2024 at RVCE, the Entrepreneurship Cell (E-Cell) organised VALORANT, a gaming event aimed at showcasing gamers' exceptional skills. Partnering with ASUS, E-Cell provided ASUS 'TUF' laptops to ensure a seamless gaming experience for participants. Out of the 12 laptops received from ASUS, 10 were utilized by players for gaming while the remaining 2 were used for spectating purposes. Following a knockout round on February 8th, 12 teams were shortlisted to compete against each other. Subsequently, 6 teams advanced to the next round, with 3 teams eventually reaching the final day on February 9th. The winning team, Ninja Kachori, was crowned the champions, while Team Bread secured the second runner-up position. The winning team received ASUS water bottles, key chains, and diaries as prizes, marking a successful collaboration between

	E-Cell and ASUS to promote gaming and entrepreneurship within the college community.

Title of Activity	MOCK IPL AUCTION X E-SUMMIT
Date & Duration	9th February 2024
Number of Students Participated	90
Place of Activity held	EC Seminar Hall
Description of the Activity	The Mock ipl auction began with full pace with a brainstorming number of teams at EC seminar hall. The mock IPL (Indian Premier League) auction event was typically a simulated session where students got the opportunity to experience the dynamics of a cricket player auction similar to the one conducted by the IPL franchises. This was aimed to provide hands-on experience in the auction process, player selection, and team building, allowing participants to understand the strategic aspects involved in forming a cricket team. Participants took roles such as team owners, representing various franchises, and engaging in competitive bidding to acquire fictional players. The auction was structured to mimic the actual IPL auction, where players were auctioned off to the highest bidder within a specified budget. The exercise helped participants gain insights into the decision-making processes, budget management, and strategic planning that are integral to real IPL auctions.
Outcome	It showcased the unique blend of strategic thinking and sports management skills required in the world of cricket and the IPL. The event not only engaged cricket enthusiasts but also provided valuable insights into the decision-making processes underlying sports management. By immersing participants in a simulation of the IPL, the event encouraged participants to refine their strategic thinking, financial management, and cricket knowledge. It challenged them to assemble competitive teams while

	working within budget constraints, mirroring the real-world challenges faced by IPL team managers. "Mock IPL" exemplified RVCE E-Cell's dedication to nurturing diverse skill sets and fostering an entrepreneurial mindset, even in the context of sports and entertainment.

Title of Activity	BUSINESS MARATHON X E-SUMMIT
Date & Duration	9th-10th February 2024
Number of students participated	200+ approx
Place of Activity held	DTL Huddle
Description of the activity	<p>The Entrepreneurship Cell (E-Cell) organized Business Marathon (BM), a dynamic overnight event focused on fostering innovation, ideation, and cultivating an entrepreneurial mindset. BM encouraged participants to create teams of up to 6 members and engage in immersive sessions of brainstorming, problem-solving, and pitching exercises centered around a specific business problem statement.</p> <p>Comprising two challenging rounds, the event featured diverse activities aimed at inspiring creative thinking and strategic planning. The initial round commenced with four phases: Empathy, Marketing Strategy, SWOT Analysis, and Lean Canvas Model. Each phase demanded participants' utmost dedication and collaborative efforts, guiding teams through comprehensive problem analysis and solution ideation. Following a night of intense deliberation and innovative thinking, the event culminated in the second round, held on the subsequent day. Business Marathon stands as one of the flagship events of E-Cell, showcasing its commitment to nurturing entrepreneurial spirit and providing a platform for participants to hone their skills in problem-solving, strategic planning, and collaborative teamwork.</p>

Outcome	<p>The Business Marathon (BM) proved to be a pivotal event for participants. It exemplified E-Cell's dedication to fostering entrepreneurial acumen and equipping participants with practical skills that bridge the gap between theoretical knowledge and real-world applications. BM's immersive approach and multifaceted challenges provided a valuable opportunity for students to embrace the intricacies of business problem-solving. It significantly enriched their abilities to think critically, innovate, and present their ideas convincingly. BM not only nurtured innovation and ideation but also facilitated the development of problem-solving and strategic thinking skills crucial for success in the dynamic business landscape.</p>

Title of Activity	REVITALIZE
Date & Duration	4th August
Number of Students Participated	90
Place of Activity held	DTL Huddle
Description of the Activity	<p>Revitalize primary objective was to bridge the gap between academic learning and real-world implementation. Participants were tasked with the captivating challenge of reviving a virtual company facing stagnant growth. This challenge summoned students to uncover the underlying problems hindering the company's progress and craft innovative, actionable solutions. The event was thoughtfully structured to facilitate a comprehensive problem-solving journey, encompassing various phases of analysis, strategy development, and presentation.</p> <p>The event unfolded in three distinct stages, each a testament to the participants' strategic acumen and analytical prowess. The initial elimination round featured nearly 30 teams, with each group dissecting the challenges of their assigned virtual companies. A panel of esteemed judges, comprising members of the E-Cell core team, scrutinized their insights and approaches, evaluating the depth of understanding and clarity of solutions presented. The ten most adept teams progressed to the final round, where they embarked on a deeper exploration of their analyses and solutions. This stage involved rigorous scrutiny by a panel of eminent judges renowned for their entrepreneurship and business strategy expertise. In the end, the grand prize of INR 10,000 was awarded to the team that demonstrated exemplary problem-solving capabilities and innovative thinking.</p>

Outcome	<p>The impact of Revitalize on its participants extended far beyond the event's conclusion. It not only bolstered their problem-solving capabilities but also enriched their critical thinking skills and solution ideation. Revitalize underscored the very essence of entrepreneurship—identifying challenges, crafting innovative solutions, and propelling growth. It became a beacon of inspiration, guiding participants towards the realm of entrepreneurial endeavors with a renewed passion for innovation and purpose.</p> <p>Revitalize left an enduring impression on the participating students, equipping them with insights and determination to navigate the complex challenges of the business landscape. As the curtains closed on Revitalize, its echoes lingered on, serving as a testament to the power of an entrepreneurial mindset and the potential it holds for shaping a brighter future. This event was not just a competition but a transformative experience that prepared the next generation of entrepreneurial leaders.</p>

Title of Activity	STARTUP FAIR
Date & Duration	3rd August
Number of Students Participated	60 (Approx)
Place of Activity held	DTL Huddle
Description of the Activity	E-Cell's eagerly awaited Startup Fair was a remarkable success, harmonizing creative thinking, entrepreneurial enthusiasm, and innovative concepts. This one-day event convened 15 dynamic teams, all poised to make their mark in the

	<p>entrepreneurial landscape. It was a platform where emerging entrepreneurs could showcase their inventive startup ideas, engage with mentors, and connect with like-minded peers passionate about innovation.</p> <p>The judging panel, composed of respected members from the RVCE administration, faculty, and the current E-Cell core team, ensured a comprehensive evaluation of the startups' feasibility, innovation, and potential impact. The heart of the event lay in the pitches and presentations delivered by each team, with participants eloquently presenting their startup concepts, addressing market gaps, and outlining their vision for tackling real-world challenges. The fair provided a conducive networking environment, allowing participants to establish connections with mentors, industry experts, and fellow entrepreneurs, thus expanding their entrepreneurial horizons.</p>
Outcome	<p>By offering a platform for students to present their startup concepts, receive expert feedback, and interact with mentors, the event laid the foundation for the next generation of visionary entrepreneurs. As the event drew to a close, participants left inspired and empowered to embark on their entrepreneurial journeys, equipped with valuable insights, an expanded network, and a reinvigorated commitment to driving positive change through innovation. The fair served as a catalyst for students to bridge the gap between classroom knowledge and real-world entrepreneurial ventures, fostering a culture of innovation and problem-solving.</p>

Title of Activity	MOCK IPL
Date & Duration	1 st march 2020 10am-6pm
Number of students participated	150+ approx
Place of Activity held	New Sport Complex
Description of the activity	Mock IPL is the flagship event conducted annually by our cell aimed for all those cricket fanatics to don the hat of a bidder to build the dream team that you always wanted in these zero-cool minutes of nerves, strategy, game theory and gut. Initially there is a quiz based on all forms of cricket and things related to cricket. We then would choose the top 10 teams in the quiz for round 2 for bidding based on the marks obtained in the quiz. All the 10 teams would be provided a fixed virtual amount, which they can use for buying the players. Each player would be having certain points for their batting, bowling and fielding skills. Each player would be given a base price and the aim of the participants is to form a team of maximum points.

Outcome	The winners were announced in the first week of march. The participants could enjoy the mock bidding session. They also learned few important skills like money management, improved foresight assessment, Team management and improved decision making. Mock IPL also improved the grasp of analytical behaviour of the participants.

Title of Activity	RESILIENCE
Date & Duration	14 th February 2020 – 31 st March 2020; 45 Days
Number of students participated	400 Students from Multiple Colleges
Place of Activity held	Online
Description of the activity	Resilience was an online entrepreneurship challenge organised by E-Cell of RV College of Engineering, which aimed to keep the participants engaged for over a month with exciting tasks revolving around entrepreneurship. Three to four members worked as a team to tackle the thought-provoking tasks given and meeting the deadlines.

<p>Outcome</p>	<p>The event was a success and witnessed the participation of 110+ teams from all across the country. We helped spread the message of entrepreneurship through various social media channels created by various participating teams, and helped the participants understand the various technical tasks involved in decision making. The participants learnt the skills of value engineering and basics of product design, by increasing the usefulness of an existing product by designing a modified product in task 1. Task 2 involved creating a marketing plan and a go-to market strategy for the modified product created in the first task. Task 3 helped the participants understand the basics of business decision making and crisis management plans by using the prevailing and relevant scenarios like the COVID-19 Pandemic. Task 4 involved decision making and growth modelling of their ideas, with an introduction to economics and balance sheets.</p> <p>We also created many products in the process that with successful mentoring and guidance can lead into successful startups. Ecell RVCE will continue to pursue these ideas with the participating teams and provide them with the required guidance and mentoring.</p>

Place of Activity held	IEM Auditorium

Description of the activity	<p>Embark is a two-day Ideation event which aims to help the participants understand the approach to solving a problem statement. It is divided into 4 segments- deciding upon a feasible idea, preparing a business model for said idea, a panel discussion with some leading industry experts and presentation of the business model. The participants are randomly divided into teams of 5-6 on the spot so that they can understand the pros and cons of working with relatively unknown people.</p>
-----------------------------	--

Outcome	Participants learn about the first big leap while going on an entrepreneurial journey i.e. Ideation. They learn about the importance of brainstorming for an idea and preparing a Business Model. They learn to work in a team irrespective of whether they know the members personally.

Sl. No.	07
Title of Activity	ENVISIONER
Date & Duration	August 2019, September 2019, June 2020
Number of students participated	-NA-

Place of Activity held	Online
Description of the activity	<p>Since its foundation in 2007, Entrepreneurship Cell RVCE has seen constant growth both in terms of numbers and its initiatives. Constantly focussed on spreading the entrepreneurial euphoria, we established ourselves as one of the best E-Cells in the country.</p> <p>This year, we added a new feather to our hats, a new member in our growing family of initiatives. We introduced “ENVISIONER”, our official magazine.</p> <p>As both a print and online platform, Envisioner will allow us to expand our vision beyond our events and examine the culture, society and the developments that shape the entrepreneurial environment.</p>
Outcome	<ul style="list-style-type: none"> ● We have had 3 issues (2 in circulation, 1 will be released this month) of the magazine this year, and we look forward to increasing both the frequency and the volume of the magazine in the coming year. The magazine had a great reach by using online platforms like Issuu and we received great feedback from many eminent personalities on how we can improve upon the same.

Sl. No.	08
Title of Activity	ICE BREAKING
Date & Duration	20 th October 2019 04:30 - 06:30 pm
Number of students participated	60 (approx.)
Place of Activity held	Bio Tech. Amphitheatre
Description of the activity	Icebreakers are often designed to be an entertaining activity to encourage conversations and introductions. The participants were split in groups of 10. They were asked to put up 3 plays allotted on a lottery basis. During the performance the participants had to adhere to commands given by the audience(volume increase, volume decrease, fast forward).
Outcome	Cooperating to accomplish the assignment or undertaking is one of the goals of icebreakers. Teamwork and participation is successful in achieving business accomplishments in a convenient way by appointing explicit errands to every individual and all things considered joining endeavors. Icebreakers can work a similar method to permit members to rehearse group building and figure out how to confide in each other's abilities and judgment.

Team Ashwa Racing

Finalists at European Hyperloop Week 2022.

The Hyperloop Team started the hyperloop project in 2019 and made their first debut in the first edition of European Hyperloop Week and since then they have made tremendous progress and have started manufacturing their first prototype.

Team Garuda

Events Conducted by Team Garuda in (2022-23):- RC CAR RUKUS

- RC CAR RUKUS is a 8th Mile Event organized by Team Garuda
- Teams from all over Karnataka Participated in the race team.
- To ensure the highest standards of evaluation, we invited two distinguished industry experts to officiate as judges for the event.

Engagement with LOG 9

- Furthermore, during the year, we proactively engaged with LOG 9, a prominent battery manufacturing company with possible collaboration

Ham Club

Attenuator Building Workshop 2023:

On 11th February 2023, an Attenuator Building Workshop was conducted with great success in the IS Seminar Hall and ECE laboratories. The event, spanning from 9 am to 5 pm, attracted enthusiastic participants eager to delve into the world of attenuator construction. Attendees were introduced to the fundamentals of attenuators and their applications, gaining insights into how these devices are instrumental in controlling signal strength and minimizing unwanted interference. The workshop's highlights included hands-on experiences in designing and building attenuators, allowing participants to gain practical skills in this vital area of electronics. The interactive sessions and laboratory exercises made the workshop engaging and educational. Under the guidance of knowledgeable instructors, all participants had the opportunity to construct and test attenuators, ensuring that they functioned accurately and met specified criteria. The Attenuator Building Workshop received positive feedback from participants, demonstrating the effectiveness of the event in enhancing their understanding and expertise in this essential aspect of electronics engineering.

5. Detail design

In this phase the detail CAD of our aircraft was drawn.

Fig.5: Three-view diagrams of the final aircraft

Fig.6: Exploded view of the aircraft

6. Manufacturing

We did detail design considering manufacturing in mind. We have used various materials such as foam and 1mm balsa sheets, 4mm acrylic, 3mm and 5mm carbon fiber rods, 4mm depron sheets and many others. The wing ribs were made from a combination of balsa and acrylic. The structural members of the wings are majority of the 3mm and 5mm carbon fiber rods. The fuselage had few acrylic bulkheads and the main firewall is also made up of acrylic. Cyanocrylate and hot glue gun were used as adhesive. The fuselage skin is made using depron sheets. While designing we made the horizontal and vertical tail using balsa but while manufacturing, we changed the balsa ribs and tail sheet of carbon fiber rods to acrylic, we made the tail using depron sheets. The stopping mechanism has simple door made up of depron which is opened and closed based on the signal sent to it.

International Astronautical Congress 2021

Team Antariksh marked its presence at the 71st International Astronautical Congress 2021 hosted in Dubai, UAE. The team members met industry giants, professors from different institutes, Indian Nationals engaged in national and international institutes, personnel from ISRO and space agencies from other countries. The event saw presence by prominent space industry figures and entrepreneurs such as chairman ISRO, Director of NASA and Elon Musk. A total of 7 papers were presented in multifarious symposiums.

Ham Club

- Successfully built three YAGI UDA 3-element antennas and a Moxon antenna.
- Three technical workshops were organized to train students for the HAM license exam.
- RVCE had 3 teams that participated in the Fox Hunting Competition organized by IIH in association with the Department of Sports, Government of Karnataka.
- Organised three Inter-college Antenna-Building Workshop to provide students a hands-on experience in building an antennas and attenuators, and a visit to the anechoic chamber at SASM, RVCE.
- Organised an event ‘MORSE DECODING’ based on Morse code as a part of 8th Mile on 17th June at RVCE.
- We currently have 54 Ham licenced students from RVCE.
- Ham club RVCE in association with IEEE Women in Engineering affinity group, conducted a webinar on 25th August 2020 on “The Role of HAMS in COVID-19 Relief Operations” with Dr. S Sathyapal, director of Indian Institute of Hams, as the guest speaker.

sasol 
**SOLAR
CHALLENGE**

The South African Solar Challenge is an alternative fuel auto racing challenge in South Africa, with classes for hybrid vehicles, electric vehicles, solar vehicles, and biofuel powered vehicles. The first challenge was held in 2008, and it runs every two years. The race distance is over 4,100 km (2,500 mi). The journey starts in Pretoria and ends in Stellenbosch.

The Sasol Solar Challenge is a biennial competition. Teams from across the world design and build solar-powered vehicles to drive across South Africa in an eight-day event. The challenge sees a collaboration between scholars, students, private individuals and various industry and government partners, to work together to have a safe and technology-rich event.

ROUTEMAP

RVSCT will be participating in SASOL Solar Challenge in 2020 and competing against teams from MIT, Stanford, TU Delft and Tokai University to manufacture and race highly advanced Solar Car prototypes.

International Astronomy and Astrophysics Competition (IAAC) is another annual competition which is conducted to promote astrophysics. This competition is conducted for students ranging from high school to post graduate students with a keen interest in astronomy. Many members of our team had participated in the 2020 instalment of the competition and **Abhay H Kashyab**, one of our coveted team members, had reached the finale and grabbed second place in the challenge.

The silver honour presented to Abhay

CERTIFICATE

CERTIFICATE
of Participation

This is to certify that
Mr./Ms. ARPAN MONDAL

of **R.V. College of Engineering** is hereby
recognized for his/her participation in **Aerodes, Takeoff**
conducted by Techkriti'21, the Annual Technical and Entrepreneurial
festival of IIT Kanpur.

Amitabh Bandyopadhyay
Festival Chairman

Suryansh Agrawal
Festival Coordinator

Dhruva

ध्रुव

International Astronomy and Astrophysics Competition (IAAC) is another annual competition which is conducted to promote astrophysics. This competition is conducted for students ranging from high school to post graduate students with a keen interest in astronomy. Many members of our team had participated in the 2020 instalment of the competition and **Abhay H Kashyab**, one of our coveted team members, had reached the finale and grabbed second place in the challenge.

The silver honour presented to Abhay

List of events conducted during the Academic Year 2019-2020

Year of Event	Name of the event	Innovative Club
2019	FORMULA hybrid USA	Ashwa Racing
2019	Ham workshop	Ham Club
2019	AERODOMINATOR 6.0, graVITas'19,	Team Jatayu
2019	SKYSPARKS-TECHKRITI	VYOMA
2019	DBF 2019	VYOMA
2019	FOX HUNTING COMPETITION, IIH Govt of Karnataka	Ham Club
2019	Electric solar vehicle challenge	RVCE Solar Car Team
2019	Indo Asian Solar Challenge	RVCE Solar Car Team
2019	Breaking Barriers E-Summit	Entrepreneurship cell
2019	Embark	Entrepreneurship cell
2019	Evocation	Entrepreneurship cell
2019	Resilience	Entrepreneurship cell
2019	Business Marathon	Entrepreneurship cell
2019	Stock Market Competition	Entrepreneurship cell
2019	IPL Auction	Entrepreneurship cell
2019	Indian Rover Challenge	Astra Robotics
2019	Genesis 3.0	Astra Robotics
2019	Smart India Hackathon	Frequency Club
2019	E Yantra	Frequency Club
2019	Singapore- India Hackathon	Frequency Club
2019	70 th International Astronautical Congress	Antariksh
2019	25 th International congress of Italian Association	Antariksh
2019	India International Science Festival	Antariksh
2019	Smart India Hackathon	Coding club
2019	PDR @NIOT Chennai	Hydra
2019	International Astronomy and astrophysics competition	Dhruva

CIRCULAR

This is to inform that **Ham club** will be conducting "Ham Workshop" on **30th September, 2019**. The workshop will be conducted by Dr.S.Sathyapal and Mr. Marcus from the **Indian Institute of Hams** to promote and educate individuals about HAM, operations. All the students are hereby encouraged to attend the workshop.

The details of the workshop are as follows:

Venue: Electronics and Communication Lecture Hall

Time: 9:30 am to 4:00 pm

For registration and queries contact Ham Club Coordinator

Coordinator,
Prof. M N Dinesh

Ham club Coordinator.

Innovative Clubs Activities

Antariksh

International Astronautical Congress 2019

Team Antariksh marked its presence at the 70th International Astronautical Congress 2019 hosted in Washington, DC, USA. The team members met industry giants, professors from different institutes, Indian Nationals engaged in national and international institutes, personnel from ISRO and space agencies from other countries. A total of 9 papers were presented in multifarious symposiums.

RVSat-1 : Acceptance of PDR by ISRO

The preliminary design review marks the second major milestone in the development process of approval of the payload for launch by ISRO. It includes a review of all the pre-requisite work done to begin the proper development phase for the payload, beyond which an MoU will be signed between RV College of Engineering and ISRO for the development and launch of the payload. The review was conducted by a visiting board from ISRO within the RVCE campus, in the presence of the honourable Principal Dr. K N Subramanya, PI Dr. Ravindra S Kulkarni and members of the team. The PDR was accepted by ISRO and the MoU was subsequently sent to ISRO for review.

Team Ashwa Racing

The RZ-X9H team participated in FS Hybrid 2019, New Hampshire where they won an overall 3rd place in the event.

Achieved 1st position in the project management segment.

We are one of India's premier FSAE teams, composed of undergraduate engineers who build and design formula style racing cars as well as mobility solutions for the future.

Ham Club

1. Ham Workshop 2019:

The HAM Workshop was held on the 30th September, 2019 from 9.30 am to 4 pm in the Electronics and Communication Department Lecture Hall. The workshop was conducted by Dr.S.Sathyapal,VU2FI and Mr.Marcus,VU2VTM from the Indian Institute of Hams. This workshop aimed to promote and educate individuals about amateur radio, or HAM, operations. Dr. Sathyapal, a prominent figure in the field, outlined the importance of HAM communication during emergencies and explained the steps to obtain a HAM license. He emphasized the vital role of HAM operators in providing security during public gatherings. Mr. Marcus provided insights into the certification exam and simplified technical concepts related to radio communication. The event concluded with certificate distribution and a captivating demonstration by Dr. Sathyapal. This workshop highlighted the enduring significance of HAM technology in an era dominated by high-end communication methods, emphasizing the value of preserving and utilizing these traditional methods to address modern challenges.

2. Antenna Building Workshop 2020:

On February 22, 2020, the HAM club of RVCE organized an Antenna Building Workshop in the IEM Seminar Hall and NXP Lab, Department of ECE, with Manu M Pillai, VU3MIV (India), KB1UIS (USA) as the guest of honor. The workshop commenced with an informative introduction to amateur service (ham) and its societal applications. The session also covered the basics of antennas, including types, applications in communication, and crucial design parameters. Following this, participants engaged in

software simulations of a 3-element Yagi Uda antenna using 4nec2 software, led by Samana H Managoli, Managerial Head of RVCE HAM CLUB. The simulation involved complex calculations related to antenna dimensions.

In the afternoon session, Ananth G.S, the then Technical Head of RVCE HAM CLUB, guided attendees through a hands-on activity to construct a 3-Element Yagi-Uda Antenna designed to operate at 145MHz. This practical session allowed participants to understand the antenna-building process from scratch, including calculating dimensions, cutting PVC pipes, soldering wires, and connecting coaxial cables. The workshop provided valuable insights into antenna design and construction, enhancing participants' knowledge and practical skills in the field of amateur radio and antenna technology.

Team Jatayu

2019: Placed 27th overall in SUAS, 15th in flight readiness review.

2019: Participated in the WRC-RC-CRAFT challenge of Techno Xian, 5th International robotics league & World robotics championship. Held at New Delhi (India) from 23rd - 2th Sept.

2019: Secured 13th position in the event AERODOMINATOR 6.0, graVITas'19, an International Techno- management Knowledge Carnival, from 11-13 October.

2020: On the 28th of February, during the Flight'20 technical fest held at the Madras Institute of Technology Campus in Chennai, India, our team showcased exceptional talent and determination. We participated in a variety of events and emerged victorious, securing numerous prizes across different competitions. These competitions encompassed a wide array of technical challenges, allowing us to demonstrate our skills and knowledge in diverse areas. Our hard work, innovation, and dedication were recognized and rewarded, underscoring our success in conquering the challenges presented at Flight'20.

DBF 2019

APRIL, 2019

TUCSON, ARIZONA, USA

OBJECTIVE

The objective of the competition was to design a multi-purpose aircraft supporting carrier operations with specific design parameters.

SUMMARY

The team was able to build a successful working design model. Despite not being able to take the model to the fly-off, the team secured the 41st rank in the final round of evaluation.

RESULTS

PROPOSAL

Rank -
Finished 45th out
of 138 Teams.

FINAL

Rank -
Finished 41st out

SKYSPARKS - TECHKRITI

TECHKRITI '19

MARCH, 2019

OBJECTIVE

Objective of the competition was to design, fabricate, and demonstrate a fixed-wing aircraft system that can perform tasks with given constraints.

SUMMARY

Two teams from Vyoma represented the college. Each team consisted of five members working towards the same objective with two separate designs.

RESULTS

This model was suitable for:

- Food Package/Medicine Cargo-deliveries.
- Spraying pesticides on the fields.
- To combat wild fires.
- Surveying of places where manual surveying is tedious task.

DBF 2020

APRIL, 2020

TUCSON, ARIZONA, USA

OBJECTIVE

Objective of the competition is to design and build a banner-towed bush plane capable of conducting chartered flights and carrying the mentioned payloads.

SUMMARY

A well-tested final design model was ready. The fly-off was cancelled due to the pandemic, and the final design report submission was evaluated and results were declared.

RESULTS

FINAL

Rank -
Finished 87th out of 113 Teams.
