1	2	3	4 ✓	5
---	---	---	-----	---

- Process of Identifying slow learners and emphasis provided:

1	2	3	4	5 ✓
---	---	---	---	-----

- Proof of conduction of tutorial classes:

1	2	3	4	5 ✓
---	---	---	---	-----

scheme with tutorial classes mandated for mathematics courses. Also in core ASE courses (structural mechanics).

Lab Manuals: (critical observations on quality and implementation)

Lab manuals are printed in details with pictures for observation recording. Eg: Inertia lab, FEM lab & Fluid mechanics. Evaluation have been done by the faculty.

Course end survey: (Process and implementation):

course end survey was done through Google form with set of questionnaire to elicit the learning. The same have been recorded & documented. Eg: student identifying & exhibiting air breathing engineer.

Students Centric

Result Analysis Process:

1	2	3	4	5
---	---	---	---	---

Done coursewise.

Student seminars

- Course: seminar on flight control systems; Boeing
- Other than course: Dr. Rajkumar pant on aircraft design talk.
- Achievements: working on ANTARIKSHA - Bv payload for
- Technical contest held for students in the Department/ College: space deployment.

AERONAUTICS conducted.

Placements and Higher educations

- Number of students placed: 2022-23 batch - 34 placed
- Number of students pursuing higher education: 2021-batch - 10, 2022-4
- Number of students cleared GRE/TOEFL: 2023 - ongoing - higher studies
- Number of students qualified in competitive exams: 2023-batch - 2 qualified, 2022 - 1 qualified

Students Activity

- Sports/ games/ other curricular and extracurricular activities

participated in many events is recorded.

Scholarship and financial support for students from various agencies

Scholarship through IIT/NITs & Industry Support.

Major student grievances addressed

Student's feedback and its implementation:

1	2	3	4	5
---	---	---	---	---

Also recorded through course end survey.

Major Project reports:

- Defining Clear and Precise objectives

1	2	3	4	5
---	---	---	---	---

- Detailed literature review for problem Definition & Methodology

1	2	3	4	5
---	---	---	---	---

- Results inferred and conclusions drawn

1	2	3	4	5 ✓
---	---	---	---	-----

Quality of laboratory work:

- List of experiments designed & implemented

1	2	3	4	5 ✓
---	---	---	---	-----

- Self-thinking encouraged in the laboratory

1	2	3	4	5 ✓
---	---	---	---	-----

open ended experiments are being conducted.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

Salient Activity:

- #1 Experimental learning has been well done with group activity. Semesterwise reports are generated and well documented.
- #2 Industrial visits to AECUS industry, Belgavi, Airborne technical college, Shivaholikuta, & Jakkur flying school.

Suggestions:

1. Some of courses can be delivered with Tutorial hours.
2. Some more industrial visits can be planned.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

- CO to PSO Mapping has to be done in course file.
- Feedback from stakeholders must be considered for Curriculum development and department improvement and same must be documented in BOS and other Committees meetings.
- Equivalence of courses offered must be documented in BOS and same must be approved in Academic Council.
- Scheme and Curriculum Composition has to be done with leading institutes. Comparison in terms of (Knowledge and Skill Component)
- Course files are not maintained by many faculty
- Many items are not available in Course file
 - Course end Survey is missing
 - Target Setting & Co's is missing
 - Comparison & achieved & Target Po - missing
 - Quality & Photograph is poor.

DEPARTMENT OF Biotechnology

Biotechnology (UG) ACADEMIC AUDIT REPORT AY 2022-2023 Friday, April 5, 2024 ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
Co and PSO mapping have to be done in course file	All Faculty	Faculties are insisted to define the Cos for their courses and advised to map CO with PSO
Feedback from stake holders must be consider for curriculum development and department improvement and same must be documented in BOS and other committees meeting	All Faculty	Implement by taking feedback from all stake holders
Equivalence of courses offered must be documented in BOS and same must be approved in academic council	All Faculty	Equivalence will be discussed in BOS
scheme and curriculum comparison must be done with leading, institutes, comparison in forms of knowledge and skill component	All Faculty	Faculties were informed to refer the national and international universities and take inputs from experts in the domain to come up with scheme for curriculum. Faculty are advised show course file before every semester
Course files are not maintained by the faculty	All Faculty	Faculty members are instructed to maintain their course files systematically.
Many items are not available in course file. 1) course end survey is missing 2)Target setting of Cos is missing 3) comparison of archived and Target PO is missing 4) quality of Photocopy is poor	All Faculty	All faculty are instructed to include course end survey, Target setting of Cos, comparison of achieved and Target PO in course file and get it verified by the concerned coordinators/HOD.
Rubrics should be defined for self-study/ experiential learning and assignment	All Faculty	The concerned faculty handling the courses are instructed to modify the rubrics, provide details, and implement the same.

- Self-thinking encouraged in the laboratory

1	2	3	4 ✓	5
---	---	---	-----	---

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

- ① Open ended experiments to be considered for assessment in the laboratory courses. This will encourage self thinking amongst students.
- ② Document Minutes of Meeting for scrutiny of CIE question papers in the department.

DEPARTMENT OF CHEMICAL ENGINEERING

ACADEMIC AUDIT REPORT AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
Syllabus coverage: Records for syllabus coverage status to be updated.	HoD	Periodical status of syllabus coverage is compiled.
Modern techniques followed: Group activity and flipped classroom teaching methodology is followed for few courses.	All faculty	These teaching methodologies are implemented for other courses wherever it is appropriate.
Lab manuals: Advised to incorporate open ended experiments in all the labs to encourage the self-thinking amongst students	All faculty handling labs	Open ended experiments are added in all the laboratories. These are also to be taken into account to be considered for CIE.
Placement and higher education: Number of students cleared GRE/TOEFL not available. Number of students qualified in competitive exams not available.	Placement coordinator	The number of students in GRE/TOEFL and competitive exams are collected and compiled.

RV College of Engineering®

Mysore Road, RV Vidyaniketan Post,
Bengaluru - 560059, Karnataka, India

Sports activity: Documents to be added	Sports coordinator	The centrally maintained (sports department) records are collected and compiled
Scholarships: Documents to be made available at the department	HoD	Centrally (Office) maintained records are collected and compiled
General observations: Minutes of the meeting (CIE Question paper scrutiny) to be documented	TTO	The proceedings of scrutiny meeting are recorded and documented.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

- ① The effectiveness of the classes for slow learners after SPM has to be seriously looked upon.
- ② The process of slow learners need improvement. Especially towards the actions taken and the analysis on the actions taken.
- ③ The feedback from the students should be ensured, not just encouraged. The % of students giving feedback could be almost 100%.
- ④ The skill lab activities are found to be Excellent.
- ⑤ The efforts put by the Faculty towards the skill lab activities are highly appreciated.
- ⑥ Placements are Excellent with an Average salary of 19 Lakh.

ACADEMIC AUDIT REPORT
AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
The effectiveness of classes for slow learners after 5PM has to be seriously looked upon	All faculty	Remedial classes time table is circulated and students are encouraged to attend remedial classes. Extra classes are conducted for lateral entry students to help them in entry level and also during placements.
The process of slow learners need improvement. Especially towards the action taken and the analysis on the actions taken	All faculty	The faculty are encouraged to document the remedial classes conducted for slow learners and also analyse the results.
The feedback from the students should be ensured, not just encouraged. The percentage of student feedback given could be 100%	All faculty	Student exit survey is conducted for outgoing VIII semester students at college and also department level. Almost all students give feedback and it is also analyzed and action is taken.
The skill lab activities are found to be excellent.	All faculty	Skill labs are meticulously planned and executed by faculty. The content is mostly practical than theoretical.
The effort put by the faculty towards skill lab activities are highly appreciated.	All faculty	Faculty always work towards improvement and incorporation of new technology which helps students in placements and skills.
Placements are excellent with average salary of 19 lakhs	All faculty	Department of CSE always work towards betterment of curriculum, skills and overall development of students.

ACADEMIC AUDIT REPORT
AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
The Lesson Plans of the courses could include Pedagogy/TLP adopted by the Faculty. Few Lesson Plans have them, but it is only black board and ppt	All faculty	Faculties are informed to include Pedagogy/TLP adopted in the Lesson Plan and also to include the schedule of coverage of syllabus in lesson plan inline with the Calendar of events shared for the semester.
Care could be taken not to map a CO to more than 6 POs.	All faculty	The faculties are informed to take utmost care while framing the Cos, the mapping of CO-PO and ensure that a CO-PO mapping is appropriately done with not mapping a CO to more than 6 POs.
Justification for the CO-PO mapping level is not available in Course File.	All faculty	Faculties are informed to include the COs, Mapping of CO-PO and justification in the course file.
Evaluation of few courses (EL component and Lab Components) could be relooked into.	All faculty	The concerned faculty handling the courses are instructed to modify the rubrics, provide details, and implement the same.

ACADEMIC AUDIT REPORT
AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
Good efforts are made to institute self-study and good number of self-study activities	All Faculty	Efforts for self-study/EL are continued
Assignment pattern is very good/method of assessment is good	All Faculty	Assessment methods for assignment evaluation were continued
Course End Survey carried out in an effective way and the analysis is good	All Faculty	Course end survey at the end of the course is continued and its inference is continued to be included in course file
Major students grievances are addressed by program faculty/HoD	HoD/Associate Dean/Program faculty	All the students grievances are addressed regularly and documented

Quality of laboratory work:

- List of experiments designed & implemented :

1	2	3	4	5
---	---	---	---	---

- Self-thinking encouraged in the laboratory

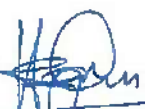

1	2	3	4	5
---	---	---	---	---

* The practice of QR code to access the soft copy of the Project Reports is Good

* Most of the Major Projects are internship based and are done in the respective Company.

* The Project Allocation, Monitoring and Evaluation of Minor Projects is found to be Good.

However, there is a scope for improvements in the clarity of Rubric.

 12/11/2023
 Dr. H. S. Gururaj

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

1. Execution of open source simulation lab

- * Demo of all open source softwares along with exhaustive assignments ranging from easy to hard
- * Flipped classes [with quality videos for open source simulators]

2. Curriculum Framework

- * Looks more theory oriented [students spend maximum time in classroom]
- * suggested to have more skill oriented [practical oriented] curriculum
- * Less of theory class hours and more of hands on in labs

3. Continuous Improvement of Co's

- * The observations on the attainment levels of the Co's needs to be done.
- * Recommendations on these observations need to be done sincerely which should help the next course handling Faculty
- * Both of the above need to be incorporated in Course Files

Professor and Head
Department of
Computer Science and Engineering
R.V. College of Engineering
Bangalore - 560 059

[Dr. H.S. Gururajasad]

4. Continuous Improvement for PAs

- * The observation and the recommendations on the attainment levels of the PAs needs to be done by the Programme at the department level

5. Student Feedback question

- * The questions on Tutorials and Assignments need a relook [what students should answer for the courses which do not have Tutorials & Assignments!!!]
- * The questions in the student feedback needs relook

6. Course End Survey

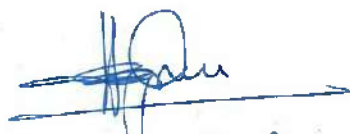

- * This process can be implemented using a software framework instead of Google Form

7. Company Feedback on the Internship

- * Feedback on the attitudinal parameters have to be taken from the superiors in the company of Internship [A proper questionnaire need to be prepared]

ACADEMIC AUDIT REPORT
AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
Self-Study and Experiential learning	All Faculty	Faculties were informed to bring the clarity in rubrics for self-study/EL component of their respective course
Execution of open source simulation Lab/tools	All Faculty	It was suggested to all the faculty handling PG courses to use the open source simulation tools to teach and train the students.
Curriculum Framework	All Faculty	To change the scheme and courses to focusing more on practical classes.
Continuous improvement of CO's and PO's	All Faculty	It was informed to all the faculties to maintain Attainment of the CO and PO levels in the course file.
Student feedback questions	All Faculty	Faculties were informed to work on course based questionnaires' in collecting the feedback.
Course end survey	All Faculty	Informed all faculty members to use software framework instead a google form.

---	---	---	---	----

- Self-thinking encouraged in the laboratory

1	2	3	4	✓5
---	---	---	---	----

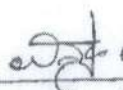

* Innovative practicals / Experiments are
being taught & executed in laboratory
Good

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

1. Student list has to be signed by the HoD.
2. CO's are not mapped to few PO's. This gap can be addressed through Experiential Components.
3. Details on placement: students serving in their family firms should furnish the details
4. Slow learners should be identified based on previous SEE and present CIE scores.
5. Regarding Project Allotment:
 1. check for repetitive titles
 2. Within a batch of students, the ordering should comprise highest, median and lowest scoring students.

ACADEMIC AUDIT REPORT-UG**

AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
COs are not mapped to few PO's. This gap can be addressed through Experiential Learning components	All Faculty	Faculty are informed to regularly review and update in curriculum to ensure that it remains relevant and effective in meeting the needs of students and the goals of the program. Gap in mapping shall be filled with Experiential Learning
Student list has to be signed by HOD	All Faculty	All faculty are informed to file student lists with HOD Signature
Details on Placement incomplete	All Faculty/ Placement Co-ordinators	All faculty counsellors are asked to update the placement details of their Project batch students/ counselling students and update the details accordingly.
Check for repetitive titles in the UG final year project and within a batch all levels of students are to be present	All Faculty	Insisted the UG Project guides to encourage students to take up industry based projects and allot work after going through previous titles, so that they are not repeated and all levels of student are present in a batch
Slow learner to be identified based on previous SEE and present CIE scores	All faculty	All faculty handling UG courses are informed to list slow learners / weak students based on Previous SEE scores/ present CIE marks

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

The following observations are observed for the improvement of PG programme in Highway Technology.

1. Include one highway specialization expert in BOS from Academic/Industry.
2. Syllabus should ~~be~~ be reviewed from higher institutions like IIT or NIT. Keep a record.
3. Increase the no of publications in reputed journals in Transportation Engineering.
4. Include Highway Programme details in BOS minutes.
5. Encourage more no of PhD Scholars in Highway Technology.

Overall the faculty has maintained the files and records satisfactorily.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

- * Course files are being maintained by all faculty. Correlation of CIE & SEE needs to be done.
- * Action taken report for audit to be submitted.
- * CO/PO attainment analysis to be done.
- * Result analysis report to be added in the course files.
- * Qp's had questions till BT 4 and can be improvised by adding questions of level 5 & 6.
- * Variation in pattern in syllabus (ex: some courses had CIO's mentioned, Sply course in clusters) & this can be made common across various branches.
- * Tutorial documentation to be done explicitly.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

- * Needs improvement in the systematic documentation
- * Registers have to be filled completely with the students signature in the final CIE marks entered.
- * Rubrics for EL & Assignments can be defined
- * Usage of PET tools can be improved
- * Co threshold ~~fixed~~ is not at all justified.
- * Actions to be taken after the result analysis is not at all shown
- * The components like industry visits, seminars and training sessions not been shown in the attainment evaluation.
- * The time is not specified for offline quizzes., both QA and TA are printed in same paper.
- * off line quiz questions have to be documented in the course files.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

Followings are the observations.

- Po mapping with Subjects for last 3 years need to compare.
- For individual student's project Pos need be define.
- CIE scheme & solutions need to be scrutinized.
- CIE QP scrutiny mom need to maintain along with statistics of rejection, accepted & modification.
- procedure need to maintain for target setting for CIE & SEE attainment.

**DEPARTMENT OF INDUSTRIAL ENGINEERING AND MANAGEMENT
ACADEMIC AUDIT REPORT**

AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
PO mapping with subjects for last 3 years need to compare	All Faculty	PO mapping is done and file maintained.
For individual student project, POs need to be defined	All Faculty	PO mapping is done for the Academic Year 2022-23 and it is maintained in the project file.
CIE scheme and solution need to be scrutinized	All Faculty	Scheme and solution is prepared for the selected question paper and it is maintained in the course file. After each test, it will be shared with the students
CIE question paper scrutiny minutes of the meeting along with statistics of rejection, acceptance and modification	All Faculty	3 sets of CIE question papers are prepared for each test. CIE committee members will conduct the question paper scrutiny in the department level. Out of three, any one question paper is randomly selected for that CIE.
Procedure need to maintain for target setting for CIE and SEE attainment	All Faculty	Brainstorming sessions are conducted to set the target for CIE and SEE attainment.

DEPARTMENT OF INFORMATION SCIENCE AND ENGINEERING

ACADEMIC AUDIT REPORT- 2022-23 AY

ACTION TAKEN REPORT

Recommendations	Action to be taken by Faculty/Non-teaching	Action taken
CES Inference is missing. CES should be mapped to COs and documented before using in Attainment	All Faculty	Meeting is conducted at department level and faculty members are instructed to analyze the CES, mapped to CO's and include action plan/action taken at the end of the report.
Standard format for student seminars to be maintained	Technical Seminar/Major/Minor Project Co-ordinators	Co-ordinators are following standard format for the reports as circulated by the higher authorities.
Placement and Higher studies analysis sheet can be added	Placement Co-ordinator	Analysis sheets for all years have been added.
Course files should include attainment	All Faculty	Attainment template has been shared and all faculty have included attainment sheet in course file.
Slow learner assistance – Remedial class conduction proof to be maintained	All Faculty	Remedial class time table, class conduction record, list of students and topic covered are documented.
Questions should be asked from self-study components in Test/Quiz	All Faculty	Questions are being asked in Test/ Quiz. However, the questions from self-study components shall be asked mandatorily in Quiz/Tests from academic year 2023-24
To highlight the reason for mistakes in the blue books to bring awareness of marks deduction in students.	All Faculty	<ul style="list-style-type: none">All faculty shall write the reason for deduction of marks in the Answer booklet compulsorilyStudent will be given a chance to talk to

RV College of Engineering®

Mysore Road, RV Vidyaniketan Post,
Bengaluru - 560059, Karnataka, India

		concerned faculty members for clarification
Level-2 questions need more focus and clarity, Level-4 questions need to be addressed with more precision.	All Faculty	Emphasis on Level 2.3 &4 questions should be given in CIE/SEE

---	---	---	-----	---

Observations on

- Self Study / Experiential learning:(Outcome, Rubrics and Implementation)

The E&H topics are not only course specific but also branch specific. The evaluations are done in phases to monitor progress.

- *The rubrics are clearly defined and correlational to assignments:*

The student's performance in theory evaluations. In SPARK sections, the student groups are interdisciplinary with emphasis on projects based on SDGs.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

The following observations are made for improvement of the system.

⇒ With respect to the course file, the following suggestions were made.

- 1.) A harology of quiz questions to be maintained
- 2.) CO₄ component to be included in the CIE & SEE question paper
- 3.) Uniformity in CIE QP and scheme to be maintained
- 4.) Documentation of the same student to be kept.
 - a.) Five test booklets - Good, average, mediocre
 - b.) Five lab records - _____ " _____ " _____
 - c.) EL Reports - _____ " _____ " _____

Observations on

- Self Study / Experiential learning: (Outcome, Rubrics and Implementation)
 1. Self study topics are well defined
 2. Rubric descriptions needs more clarity
 3. Implementation details are needed in format of reports
- Assignments:
 1. Rubrics are not well defined
 2. problem statements - more of descriptive types are needed.
 3. Evaluation of Assignment should be mapped with Cos.

SCOPE FOR IMPROVEMENT

(Please list all the critical observations made for the improvement of the system)

- Scheme Comparison of different universities U.R.T 2020-2022 schemes with new courses addition/deletion with justifications.
- Many documents are not signed by the faculties/ student/ different stakeholders.
- Proper ~~at~~ continuous updation of course files & its index details required - more attention.
- Co/PO Attainment, course end survey for each course in a 'course file' is needed
- Assessment/ self study rubrics need to be split-up in a phase wise manner with proper rubrics descriptions.
- Result Analyst and its analysis must be shown in graphical manner, along with result sheets
- Each course seminar conducted need to be well documented with geo-tagged photo, report & feedback
- Project report documents need to be improved with monitoring/evaluation system.
- Overall, required files are in place & satisfactory.

ACADEMIC AUDIT REPORT AY 2022-23

ACTION TAKEN REPORT

Recommendations	Work assigned to	Action taken
2022& 2020 RVCE Scheme comparison required with evidence	BoS Coordinator Deadline: 10 th March 2024	Discussion happened in the faculty meeting and AAC meeting. Comparison is done and filed in the BoS file within the given deadline.
Documents need to be summarized separately for all the years	BoS Coordinator Deadline: 15 th March 2024	Year wise separation is done for related documents like syllabus discussion on various schemes within the given deadline.
Self-study/Experiential Learning – rubrics need more clarity and implementation details are needed in a report format	All faculty Deadline: 20 th March 2024	Rubrics definition and report format is taken care. Completed the process within the given deadline and informed to follow the procedure in continuation.
Course End survey – further improvements in the analysis needed	All faculty	Taken care in course end survey analysis to take necessary action based on student feedback. Completed the analysis within the given deadline.
Students Achievements – Separate details are needed. Technical contest participation-Need more evidence and participation	Faculty counselors and coordinators of student related activities Deadline: 20 th March 2024	Informed to faculty counselors and coordinators of student related activities for proper filing of participation certificates and also to encourage students to participate for more related activities. Informed to take care time to time.
Many documents are not signed by faculty/students	All faculty Deadline: 20 th March 2024	Taken care to circulate the documents and getting faculty signature. Completed the task within the given deadline and informed to systematically sign all the documents on time in future.
Continuous updation and indexing to be ensured in the course file	All faculty Deadline: 1 st March 2024	Informed to all faculty to maintain index and continuous updation of the course files. Completed the process within the given deadline and informed to

RV College of Engineering®

Mysore Road, RV Vidyaniketan Post,
Bengaluru - 560059, Karnataka, India

		follow the procedure in continuation.
Result Analysis to be represented in a graphical manner	NBA -Criteria -4 coordinators Deadline: 20 th March 2024	Batch wise/Year wise/Semester wise/CGPA/SGPA based result analysis is done in a graphical and table format and filed. Assigned work is completed within the given deadline.
Each course seminars to be well documented with Gio-tagged photos, report and feedback	Information Centre coordinators and all event coordinators Deadline: 25 th March 2024	Started implementation in all departmental Seminars/workshops/training. Completed the task within the given deadline and informed to follow the procedure in continuation.
