## CERTIFICATE OF APPRECIATION

PROUDLY PRESENTED TO:

**Mr. Piyush Makhija**

A student of **Third year B.Tech** studying in Aerospace Engineering from "**R V College of Engineering**", **Bengaluru** has successfully completed his internship in our company on a Project worked on Solar Drone from **12<sup>th</sup> September to 26<sup>th</sup> October 2022** under the guidance of The Proprietor / CEO of **Sunnidhi Engineering Solutions**.

The topic of the project assigned to Mr. Piyush Makhija was on "**Solar Drone**".

His overall performance and conduct during the internship was Very Good and Satisfactory.

We wish him all the success for his endeavor.

**Mr. Venktaesh**

The Proprietor / CEO

**Sunnidhi Engineering Solutions**

## TO WHOMSOEVER IT MAY CONCERN

December 10<sup>th</sup>, 2022

### SUBJECT: INTERNSHIP COMPLETION LETTER

We are glad to inform you that **Mr. ANAND THEERTHA M R** from Aerospace Engineering department in RV College of Engineering has successfully completed a two-month internship at Cratandraqx Aerospace from **1<sup>st</sup> October 2022 to 31<sup>st</sup> November 2022**.

During the internship, he worked on our Consumer drone prototype, Defense drone prototype and Agricultural drone prototype and was instrumental in finalising the technical specifications of the prototypes. He was also involved in numerous managerial tasks in finding crucial supplier of aerospace components in India and abroad. He was also involved in the research and development of drone components and accessories.

We found him to be good in his technical capabilities and ability to handle multiple tasks with ease. He was very inquisitive and hard working. He showed high levels of interest in the company's prototype development from day one and has understood the core functions of drone and its necessary drone design and development module in depth.

We wish all the very best in his future endeavours.

From Cratandraqx Aerospace

Sathyanarayan S  
Founder/Director  
Cratandraqx Aerospace

**Dear Nithyaa Shree,**

This is hereby declared that you have completed your period of Internship as "Structures Intern" at RangeAero and your last working day was 28th Oct 2022. Your full & final settlement will be processed & credited in your bank account provided to the company within the next 30 days from 30th Oct 2022.

It is also declared that you were associated with RangeAero for the internship period 7th Sep 2022 to 28th Oct 2022. During this period, your contribution was remarkable in the development of various structural sub-systems of an Unmanned Aerial Vehicle.

Your association to the RangeAero family was eventful & fulfilling. You have witnessed a remarkable product development experience of the unique next-generation aerospace systems. We believe that we have been successful in providing you a platform for your unmatched personal & professional growth which is the fundamental fabric underneath the RangeAero's existence.

We wish you all the success in future and a safe & healthy life ahead!

**TO WHOMEVER CONCERN**

This is to certify that **Shreyansh Sharma**, undergraduate student in the Department of Aerospace Engineering at RVCE Bangalore, has worked as an intern under my guidance on “**Design of micro gravity simulator**”.

He worked here for a period of 2 months, i.e., 05-09-2022 to 05-11-2022.

During his period of work, I found him sincere and dedicated to his work.

30th October 2022

To Whom It May Concern:

**RE: Letter of Engagement as Intern for Shryas Bhurat**

Mr. Shryas has been working as a **research intern at “Pixxel Space” under my supervision for the last nine months from 7/2/2022 - 31/10/2022**. His determination to take charge, solve problems, build efficient solutions around deep research topics with a positive attitude makes me recommend him with total interest.

Mr. Shryas has been working on building a robotic experiment setup to collect data from airborne vehicles and ground-based equipment for space technology use cases. The project involved high-level domains such as mechanics, aerospace, electronics & control engineering problems. Mr. Shryas has shown a great attitude in building clear frameworks that helped the project finish within the deadlines. He thinks about issues at hand related to engineering, breaks them down into smaller tasks, and has shown a unique perspective in solving those using first principles. Mr. Shryas has an inner desire to solve problems and bring change with his solutions. I have seen Shryas be a disciplined person. He attends meetings on time, connects consecutive discussion points with logical reasoning & ready to work with transdisciplinary requirements. Shryas listens to feedback effectively and works on the input to improve himself and his work. This fundamental skill to listen, learn and reiterate in the product-building cycle has helped him to select the correct route to build the project, with a redundancy study for substitutes done.

Since the project involved a multi-disciplinary approach to building, Mr. Shryas focused on interacting with different domain experts at Pixxel. He cleared doubts in solving critical issues & he has shown excellent team bonding and leadership skills to effectively collaborate with other people from various departments. One quality that I liked in him is his ability to come up with backup plans. The project had a component failure that could take months to replace; Shryas, with his innovation, manufactured the component using local resources that put the project back on track. Shryas displays that he has the character of a leader, a maker who wants to bring change with his out of box ideas keeping the project in line with deadlines.

I give my highest recommendation to Mr. Shryas Bhurat for his future endeavours. He would bring a unique perspective built over the years because of his interesting observational capabilities. His work quality has proved that he focuses on the accuracy of the processes, leading to better results. He is deeply interested in working on engineering solutions to solve real-world issues & this makes him an asset to the university.

**Warm Regards,**  
Dr. Rahul Raj  
Research Scientist

**TO WHOM IT MAY CONCERN**

This is to hereby certify that **Mr Sukhvinder Singh** an Aerospace Engineering student from RV College of Engineering – Bangalore, in appreciation for his work as a trainee (Intern). He worked under the leadership and supervision of Senior Manager Operations (Warehouse) – Praveen Kumar MO, from 06/09/2022 to 21/10/2022.

During the tenure of his internship, he worked up close on a live project in the assistance to our Quality Engineer and Operations Manager (Warehouse). We found him extremely hard-working, ambitious, and meticulous. The information, research and findings that were presented by him at the time of Quality Inspection project and report were authentic and feasible.

We wish him good luck and every success in life and career.

## TO WHOM IT MAY CONCERN

This certificate confirms that Mr. Anirudh Sharma completed his internship at Cionlabs Private Limited, Bengaluru, from April 1st, 2024, to June 1st, 2024, in the full time mode.

During his internship, his primary focus was the IoT fundamentals, robotics, application development and embedded systems, followed by developing a bluetooth controlled robotic arm.

He consistently exhibited outstanding design capabilities throughout his internship and a commendable, self-driven approach to acquiring new knowledge and skills. His performance not only met but exceeded our expectations, resulting in the successful and timely completion of the project.

We extend our best wishes to Mr. Anirudh Sharma for all his future endeavors.

Warm Regards,

Dr. Sanjay Ahuja
